## KEY TRANSIT FACTORS

### ♅ Uranus ☐ Square ♂ natal Mars · peak 10 Jan

These days you feel **restless and impatient with normal routines**, and you're more likely to act on impulses without thinking through the consequences. Your usual way of handling frustration stops working, so small annoyances trigger bigger reactions than they should. Over the coming weeks, this mismatch between what you want to do right now and what you actually should do will create real practical problems if you don't stay aware of it.

### ♁ Chiron ∠ Semi sextile ♂ natal Mars · peak 31 Jan

These days you're finding it easier to **speak up about what you actually need** instead of pushing through on your own. You're noticing that asking for help or setting a boundary doesn't drain you the way it used to. This quieter confidence is showing up in conversations at work and in your relationships, making things feel less exhausting overall.

### ♁ NNode ∠ Semi sextile ☿ natal Mercury · peak 31 Jan

Over the coming weeks, you find it easier to **say what you actually mean** without overthinking or second-guessing yourself. People respond better to your words because you're speaking more directly and with less self-doubt. This is a good time to have conversations you've been putting off or to pitch an idea you believe in.

### ♃ Jupiter ∠ Semi sextile ♃ natal Jupiter · peak 10 Jan

Over the coming weeks, you'll notice a quiet **boost in your confidence about making decisions** that affect your future. Small opportunities or lucky breaks show up without you having to push hard for them, and you feel more willing to say yes to them. This is *Jupiter* giving your natural optimism a gentle lift, so take advantage of any openings that match what you actually want right now.

### ♄ Saturn ☐ Square ☿ natal Mercury · peak 23 Jan

Right now your thinking feels slower and more careful than usual, and you may struggle to express yourself clearly to others. **You second-guess your words** before speaking, worry that what you say will be misunderstood, and find it harder to explain ideas that felt obvious before. These mental delays and doubts will pass once this transit moves on, but while it lasts you'll need to accept that communication takes more effort and patience.

### ♃ Jupiter ♂ Conjunction ☿ natal Mercury · peak 30 Jan

You're thinking more expansively right now and your mind feels faster than usual. You're likely talking more, asking bigger questions, and finding it easier to explain your ideas to others. This is a good window to pitch a proposal, write something you've been putting off, or have conversations you've been avoiding because your confidence in what you're saying is genuinely higher.

#### ♅ Pluto ☾ Semi sextile ☾ natal Moon · peak 1 Jan

Over the coming weeks, you're finding it easier to **notice what you actually need emotionally** instead of ignoring it or pushing through. Small practical changes—like setting a boundary with someone or rearranging your daily routine—feel less exhausting because you're clearer about what matters to you. This shift gives you a steadier sense of control over your own life without needing to overhaul everything at once.

#### ♁ NNode ☽ Semi sextile ♀ natal Venus · peak 1 Jan

Right now you find it easier to **say yes to social invitations and connect with people who actually matter to you**. You're noticing that conversations flow more naturally and that you attract people who seem genuinely interested in what you have to offer. These small social wins build a sense that you belong in your own circles again.

#### ♅ Pluto ☿ Conjunction ♁ natal Lilith · peak 1 Jan

Right now you are examining parts of yourself that you normally keep hidden or suppress, and this feels both uncomfortable and oddly necessary. You may find yourself **pushing back against rules or expectations** that never actually fit you, whether at work or in relationships. Over the coming weeks, this restlessness will likely push you to make a practical change in how you present yourself or what you actually allow yourself to want.

#### ♃ Jupiter ☿ Conjunction ♃ natal Neptune · peak 1 Jan

Over the coming weeks, you may find yourself **more willing to believe in possibilities that seem unlikely**, and this can work for you or against you depending on what you're pursuing. Your practical judgment softens right now, making you generous with money and optimistic about future outcomes in ways that feel good but may not be realistic. If you're starting something new, channel this confidence into concrete steps rather than letting it stay as wishful thinking.

#### ♄ Saturn ♁ Quincunx ♀ natal Venus · peak 31 Jan

Over the coming weeks, you may feel **awkward or hesitant in relationships** even though you want to be close to someone. Small gestures of affection or attempts to connect might feel clumsy or poorly timed, leaving you wondering if you are doing things right. This is temporary friction between what you want emotionally and what feels practical or safe right now.

#### ♃ Jupiter \* Sextile ♅ natal Pluto · peak 1 Jan

You are noticing that **you can actually follow through on changes you've been wanting to make**, whether at work or in your personal life, because your motivation to act is both strong and steady right now. *Jupiter* sextile your natal *Pluto* means you have real leverage to transform something practical — you see what needs to happen and you have the confidence to do it without second-guessing yourself. Over the coming weeks, people around you may pick up on this shift and start treating you differently, which can open doors you didn't expect.

#### ♄ Saturn \* Sextile ♃ natal Jupiter · peak 1 Jan

Right now you are more **willing to follow through on plans instead of abandoning them halfway**. The combination of *Saturn* and *Jupiter* means you can see the practical steps needed to make your bigger ambitions real, and you have the patience to stick with them. This is a good time to commit to something you have been thinking about for a while, because your confidence in the outcome is realistic rather than wishful.

#### ♃ Jupiter \* Sextile ♀ natal Venus · peak 31 Jan

These days you find it easier to say yes to social invitations and connect with people who matter to you. You feel **naturally generous** with your time and attention, which makes others want to be around you more. This period is ideal for deepening friendships, starting new relationships, or simply enjoying the company you keep without forcing anything.

#### ♁ NNode ♁ Quincunx ♃ natal Chiron · peak 1 Jan

Over the coming weeks, you may notice that **old insecurities are surfacing in new situations**, especially when you are trying something unfamiliar. You feel aware of your weak spots but also slightly out of sync with how to address them. This mismatch between knowing what bothers you and knowing how to move forward can make practical decisions feel awkward or indirect.

#### PROGRESSED MOON

---

○ Progressed Moon in ♎ Libra 21.0° H8

○ Progressed Moon ☿ Conjunction ♅ natal Uranus

#### LUNATIONS

---

● New Moon · Sunday, 1 Jan

in ♄ Capricorn

long-term goals, ambition, structural reset

in H11 — Community & Goals

A fresh cycle is opening around **friendships, group affiliations, and your hopes for the future**. This is the right time to join a new community, strengthen bonds with people who share your values, or clarify what you truly want from the years ahead. Social connections formed under this lunation often turn out to be meaningful and lasting. A dream or long-term goal that's been forming in the background is ready to move from the conceptual stage to the practical.

○ Full Moon · Monday, 16 Jan

in ♋ Cancer

emotional culmination, family matters, inner needs surface

in H5 — Creativity & Romance

A creative work, romantic situation, or matter involving children is reaching its peak. What began months ago in your love life or creative endeavors is now **ready for a culmination** — a relationship becoming more defined, a project completing, or a moment of genuine joy or heartbreak making itself felt. The full moon here amplifies feelings of passion and desire. Be honest about what and who actually brings you happiness, rather than what you think should.

#### KEY DATES

**Sun, 1 Jan** New Moon in Capricorn

♅ Pluto ♂ Conjunction ♁ natal Lilith

♃ Jupiter ♂ Conjunction ♆ natal Neptune

♁ Uranus ☐ Square ♂ natal Mars

**Tue, 3 Jan** ♂ Mars stations Retrograde

♁ Lilith enters ♊ Gemini

*Mars* stationing retrograde often brings **delays and restarts** in projects, work deadlines, and physical activities—things that felt urgent suddenly move slower or need reworking. People commonly notice they feel less pushy, more willing to **reconsider decisions** they made before, and sometimes **old conflicts or rivalries** come back up that need settling. In practical terms, this is a good time to **revise plans** rather than launch new ones, fix broken equipment, and handle any pending arguments you've been avoiding.

**Sat, 7 Jan** ♀ Mercury enters ♒ Aquarius

*Mercury* in *Aquarius* brings **clearer, more direct communication** — people tend to say what they actually think instead of softening their words, which works well in meetings but can feel blunt in casual conversations. At work and in friendships, you'll notice **more focus on logic and ideas** rather than emotions, making this a good time for problem-solving but a trickier period if someone needs emotional support. *Aquarius* also pushes thinking toward the **bigger picture**, so conversations shift from daily complaints to plans, systems, and what-if scenarios that feel more interesting but less immediately practical.

**Sun, 8 Jan** ♀ Venus enters ♐ Sagittarius

*Venus* in *Sagittarius* brings a **looser, more generous** approach to spending and dating, with people tending to say yes to invitations and expensive outings rather than staying home. In relationships and work, this transit makes **honesty and directness** feel more important than keeping the peace, so conversations become blunter and less filtered. Most people notice they **want variety** — sticking with the same restaurant, routine, or person feels boring — and they're more willing to try something unfamiliar or travel to a new place.

**Mon, 9 Jan** ♅ Pluto ♂ Conjunction ♁ natal Lilith

**Tue, 10 Jan** ♄ Chiron stations Retrograde

♁ Uranus ☐ Square ♂ natal Mars

*Chiron* stationing retrograde tends to bring **old wounds or insecurities back into focus**, making you notice patterns you thought you'd moved past—in relationships, work, or how you handle rejection. During this period, **progress on healing or learning slows down**, and you may find yourself revisiting past failures or setbacks rather than moving forward with new skills or confidence. In practical terms, this is a good time to **review what didn't work before** and adjust your approach, though expect frustration if you're trying to push ahead quickly.

**Mon, 16 Jan** Full Moon in Cancer

**Tue, 17 Jan** ♅ Pluto enters ♐ Sagittarius

*Pluto* in *Sagittarius* brings a **shift in what people believe and teach** — old rules get questioned, industries tied to information and education face upheaval, and you may find yourself **ditching outdated advice** that never really worked. In relationships and work, expect **deeper honesty about values**; people become less willing to fake agreement just to keep the peace, and conversations that stayed surface-level before now **dig into real disagreements**. The pattern is that **rigid certainty collapses** over this 20-year cycle — religions, political movements, publishing, travel, and higher

education all experience pressure to transform or die out.

**Sat, 21 Jan** ☉ Sun enters ♒ Aquarius

*Sun* in *Aquarius* brings a **shift toward independence** and a stronger need to do things your own way instead of following the usual pattern. At work and in conversations, you'll **notice people speak up more** about ideas that feel different or go against what everyone expects. In relationships and friendships, **distance often increases** slightly as people pull back to focus on their own projects and interests rather than staying close to the group.

**Mon, 23 Jan** ♂ Mars enters ♌ Leo

♄ Saturn ☐ Square ♀ natal Mercury

*Mars* in *Leo* brings **direct, confident action** that people around you will notice right away — you speak up more often, take charge in meetings, and stop waiting for permission to try things. In relationships and at work, this transit **increases competition** and **ego clashes**, so you may find yourself arguing more or wanting credit for what you do. The practical shift is that you'll have real **energy and drive** to finish projects and take risks, but you'll also feel less patient with people who move slowly or don't acknowledge your effort.

**Thu, 26 Jan** ☿ Mercury stations Retrograde

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.
