KEY TRANSIT FACTORS

☉ Sun ☐ Square ♄ natal Saturn ★

Right now you're bumping up against your own limits, and it feels frustrating rather than motivating. You notice **resistance from authority figures or self-doubt blocking what you want to do**, and pushing harder only makes the friction worse. These few weeks ask you to slow down and work within real constraints instead of fighting them.

☿ Mercury ☌ Conjunction ♅ natal Uranus

Your mind is working faster than usual right now, and you're noticing patterns and connections that normally escape you. You might **jump between topics in conversation** or feel restless with routine explanations, wanting to dig into unusual angles instead. These days your thinking is sharp but scattered, so expect your focus to drift unless you deliberately channel this mental energy into something that genuinely interests you.

☿ Mercury △ Trine ♂ natal Mars

Your mind works faster than usual right now, and you naturally pick the most direct way to say what you think. You get things done without overthinking because your words and actions line up perfectly. This is a good time to have difficult conversations or push a project forward since you come across as clear and confident.

♃ Jupiter ☌ Opposition ♆ natal Neptune

Right now you are **more likely to overcommit or make promises you cannot keep**, because your sense of what is realistic has become fuzzy. You may find yourself agreeing to things at work or in relationships without thinking through the practical details, then feel frustrated when reality does not match what you imagined. Over the coming weeks, this mismatch between your optimism and what actually needs to happen will force you to get clearer about what you actually want instead of what sounds good in the moment.

♀ Venus qx Quincunx ☾ natal Moon

Over the coming weeks, you may find your usual way of showing affection feels slightly off or awkward. You might want closeness but struggle to express it in ways that actually land with the people you care about. Small adjustments to how you approach relationships will help you feel more comfortable.

☉ Sun ☐ Square ♃ Jupiter

Right now you're likely **overestimating what you can handle** and taking on more than makes practical sense. *Sun* square *Jupiter* pushes you to act bigger and bolder than your actual circumstances support, which sets you up for overcommitment and disappointment. The friction here teaches you where your real limits are, but only after you've already stretched too far.

☉ Sun ☌ Conjunction ♄ Saturn

Right now you are more aware of your own limits and what you actually need to do versus what you want to do. You become **more serious about your responsibilities** and less interested in shortcuts or excuses. This is a practical time to make concrete progress on something that matters, even if it feels slow or requires discipline.

☉ Sun ☐ Square ♅ Uranus

Right now you are more **restless and impatient with routine**, which makes it harder to stick to normal responsibilities or follow through on what you started. You want to break free from constraints, but the practical world does not cooperate, so you feel trapped between what you want to do and what you have to do. This psychological friction can push you toward reckless decisions if you do not find a safe outlet for the urge to rebel.
