KEY TRANSIT FACTORS

♃ Jupiter * Sextile ♀ natal Venus

These days you find it easier to say yes to social invitations and connect with people who matter to you. You feel **naturally generous** with your time and attention, which makes others want to be around you more. This period is ideal for deepening friendships, starting new relationships, or simply enjoying the company you keep without forcing anything.

♄ Saturn ♂ Opposition ☉ natal Sun

Right now you feel **worn down by demands** on your time and energy, and others seem to expect more from you than feels realistic. You notice yourself saying no more often, or feeling resentful when you do say yes, because your reserves are genuinely low. These weeks will test whether you can be honest about your limits instead of pushing through until you break.

♄ Chiron ☐ Square ☉ natal Sun

Over the coming weeks, you'll feel **self-doubt creeping into situations where you'd normally feel confident**. Small failures or critical feedback will sting more than usual, and you may withdraw from activities where you typically lead. This is *Chiron* square your *Sun* forcing you to notice where your confidence is fragile or built on shaky ground.

♋ NNode ♂ Opposition ♃ natal Jupiter

Over the coming weeks, you are likely to feel **blocked when you try to expand or take on more**. You want to say yes to opportunities, but practical limits keep showing up, which can feel frustrating and limiting. This tension between your appetite for growth and what is actually available right now is real, and working within those boundaries rather than fighting them will serve you better.

♆ Neptune * Sextile ♋ natal NNode

Over the coming weeks, you find it easier to **trust your instincts about what matters to you**, and this makes decisions about your direction feel less forced. People around you respond well to your openness right now, and conversations naturally turn toward what you actually care about rather than what you think you should want. This is a good time to explore interests that have been calling to you quietly, because your imagination and your sense of purpose are working together instead of pulling in different directions.

☉ Sun ♂ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

☉ Sun * Sextile ♂ Mars

Right now you find it easier to **take action on things you actually want** instead of sitting with them in your head. Your motivation and your confidence are aligned, so when you decide to do something, your body follows without the usual resistance. This is a practical window for starting projects, having difficult conversations, or pushing through work that needs momentum.

☉ Sun ∟ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

LUNAR DAY

Moon in ♍ Virgo · Day 7 / 30 · Waxing Crescent

Attention sharpens on what is not working right now — small errors and inefficiencies become harder to ignore than usual. **The tendency to organize, correct, and refine** runs stronger for the next day or two, sometimes at the cost of the bigger picture.
