KEY TRANSIT FACTORS

♅ Uranus △ Trine ♀ natal Venus ★

Over the coming weeks you are more willing to do things differently in your relationships and social life, and people respond well to this openness. You feel less concerned about what others think, which makes you **more authentic and relaxed** around people you care about. This natural ease draws others toward you and creates space for real connection instead of performing what you think you should be.

♅ Uranus △ Trine ♂ natal Mars ★

These days you feel **willing to try things in new ways** without the usual hesitation that normally holds you back. Your practical actions become more flexible, and you find yourself breaking your own rules in ways that actually work out well. Over the coming weeks this confidence gives you the freedom to pursue goals that once seemed too risky or unconventional.

☾ Moon ★ Sextile ♄ natal Saturn

Right now you find it easier to **stick to what you say you'll do**, and people notice. Your practical side is working well with your emotional side, so you can talk about your feelings without falling apart or getting lost in them. Over the coming weeks, you're likely to follow through on commitments and feel more grounded when dealing with difficult conversations.

♂ Mars ∟ Semi sextile ♇ natal Pluto

Over the coming weeks, you'll notice a **quiet increase in your ability to push past what usually holds you back**. *Mars* is giving *Pluto* a helpful nudge, and you'll find yourself taking small decisive actions in areas where you've felt stuck or powerless before. This isn't aggressive or dramatic—it's more like discovering you have a bit more psychological backbone when you actually need it.

♇ Pluto qx Quincunx ♀ natal Venus

You feel oddly disconnected from what normally makes you happy, as though your usual pleasures have lost their appeal. Your social or romantic relationships may feel slightly off, making you wonder what has changed when nothing obvious has shifted. Over the coming weeks, you might notice yourself pulling back from people or activities you usually enjoy, until this uncomfortable mismatch eventually settles.

♂ Mars Rx • ♋ Cancer

Aggression and frustration tend to be expressed passively or indirectly right now rather than directly. Domestic tensions that have been suppressed may surface during this period. Identifying what you actually want from a situation — before reacting — is more useful than it normally is.

♄ Saturn Rx • ♌ Leo

Ambition and the structures supporting creative or public expression face an honest review during this period. Recognition that has been slow to arrive may be prompting important reassessment of your goals or methods. Internal validation serves you more right now than seeking external acknowledgment.

☉ Sun ♂ Conjunction ♿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

☉ Sun ✳ Sextile ♄ Chiron

Right now you find it easier to talk about things that usually stay hidden, and people respond by listening instead of dismissing you. Your **willingness to admit weakness** actually makes others trust you more because you seem real. This is a good time to ask for help with something you have been carrying alone, because the practical support tends to show up.

☉ Sun ☿ Quincunx ♊ NNode

At the moment you are noticing a mismatch between what you want to do and what feels like the right direction to move in. You might find yourself **hesitating before making choices** because two parts of you are pulling slightly different ways. This isn't crisis or conflict—just an uncomfortable adjustment where you have to consciously decide which impulse to follow rather than acting on automatic.

LUNAR DAY

Moon in ♌ Leo · Day 15 / 30 · Waxing Gibbous

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
