KEY TRANSIT FACTORS

♃ Jupiter ∟ Semi sextile ♇ natal Pluto

While this lasts, you find yourself **willing to take small risks that push you past old limits**. You feel a quiet confidence in your ability to handle situations that normally feel too big or demanding, and you naturally start saying yes to opportunities you would have avoided before. Over the coming weeks, this steady courage tends to open doors that lead to real personal or professional growth.

♆ Neptune □ Square ♂ natal Mars

Right now your usual drive and confidence feel blurred, making it hard to know what you actually want versus what you think you should do. You may **start projects you abandon halfway through, or lose the will to push forward on things that normally matter to you**. This fog around your own direction lasts a few weeks and can leave you frustrated with yourself for lacking the usual clarity.

♆ Neptune qx Quincunx ♂ natal Uranus

Over the coming weeks, you find yourself **second-guessing decisions you normally make without hesitation**, especially about independence or unconventional plans. Your instinct to break free from routine is still there, but doubt keeps creeping in about whether the timing or approach actually makes sense. This confusion fades once the transit passes and your clearer judgment returns.

♆ Neptune ∟ Semi sextile ♄ natal Chiron

These days you find yourself **more willing to accept your own limitations** without turning them into harsh self-judgment. When something doesn't go smoothly, you notice you're gentler with yourself instead of dwelling on what went wrong. This shift in attitude makes it easier to move forward and try again without the usual weight of disappointment.

♀ Venus △ Trine ☿ natal Mercury

Right now you find it easier to **say what you actually mean** without overthinking or second-guessing yourself. People respond well to your words because you're speaking with warmth and directness at the same time, which makes conversations flow naturally. Over the coming weeks, this is a good window to have the conversations you've been putting off or to pitch ideas you've been sitting with.

☉ Sun □ Square ♂ natal Uranus

Right now you are more **restless and impatient with routine**, which makes it harder to stick to normal responsibilities or follow through on what you started. You want to break free from constraints, but the practical world does not cooperate, so you feel trapped between what you want to do and what you have to do. This psychological friction can push you toward reckless decisions if you do not find a safe outlet for the urge to rebel.

☉ Sun ☐ Square ♄ Chiron

Right now you are more aware of your own weak spots and past hurts, which makes it harder to feel confident in what you're doing. You might find yourself **second-guessing your choices** or feeling like you're not good enough, even when you're performing well. This psychological self-doubt is temporary, but it takes real effort to push through it and keep moving forward.

☾ Moon ✳ Sextile ♀ Mercury

These days your thoughts feel clearer and your feelings find words more easily than usual. You notice you can **explain what you're going through without getting stuck or defensive**, and other people seem to understand you better. This is a good time to have conversations that matter, because both your head and your heart are on the same team right now.

LUNAR DAY

Moon in ♊ Gemini · Day 27 / 30 · Waning Crescent

Social activity picks up for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.

CLOTHING & JEWELRY

Monday · ☾ Moon · Venus in Pisces

Monday belongs to the Moon — wear silver, white, or soft green tones. Moonstone or pearl as a pendant or ring amplifies the day's intuitive, nurturing energy.
