KEY TRANSIT FACTORS

☾ Moon ☿ Quincunx ♄ natal Saturn

These days you feel out of sync between what you need emotionally and what your responsibilities demand. You might notice yourself **starting tasks but struggling to finish them**, or feeling irritable when practical obligations interrupt your mood. This awkward gap between your feelings and your duties will pass in a few days, but right now it's making small decisions feel surprisingly complicated.

♀ Venus ♌ Semi sextile ☉ natal Sun

These days you feel **more comfortable being yourself around others**, and people respond well to that ease. You're not trying as hard to impress anyone, which actually makes your conversations flow better and your relationships feel less strained. This small shift in *Venus* supporting your *Sun* won't solve everything, but it gives you a genuine advantage in how you present yourself while it lasts.

♅ Uranus ☐ Square ♇ natal Pluto

You feel a strong urge to blow up situations that have felt stuck for a long time, and this impulse is hard to ignore right now. Your **need for sudden change clashes with your instinct to maintain control**, which creates real friction in your decisions and relationships. Over the coming weeks, you may act impulsively on things you normally handle with calculation, and the fallout could be messy because you're not thinking through the practical consequences.

♇ Pluto ☐ Square ☿ natal Mercury

Right now you are **second-guessing everything you say**, replaying conversations and worrying you have said too much or the wrong thing. Your mind feels heavy and suspicious, making you reluctant to share your thoughts or ask for what you need. Over the coming weeks, this paranoia about communication can isolate you from the people around you unless you push through the discomfort and speak anyway.

♁ NNode ☌ Conjunction ♁ natal Lilith

These days you are more willing to say no to people and situations that feel wrong to you, even if it disappoints others. You notice yourself **setting boundaries without guilt** in ways that used to feel risky or selfish. This shift in your practical relationships will likely last several weeks as you test out what it actually feels like to prioritize your own comfort.

☿ Mercury Rx • ♏ Scorpio

Communication about sensitive or private matters is particularly prone to misunderstanding during this period. Past secrets, investigations, or unresolved trust issues may resurface and demand honest attention. What you hesitate to say is often more important than what you actually say right now.

☉ Sun ☐ Square ♂ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.

☉ Sun ☐ Square ♃ Jupiter

Right now you're likely **overestimating what you can handle** and taking on more than makes practical sense. *Sun* square *Jupiter* pushes you to act bigger and bolder than your actual circumstances support, which sets you up for overcommitment and disappointment. The friction here teaches you where your real limits are, but only after you've already stretched too far.

☉ Sun ☿ Quincunx ♄ Chiron

Right now you notice small practical problems in areas where you thought you had things figured out. Your confidence runs into situations that don't quite fit your usual approach, and you have to **adjust your methods rather than push through**. This mismatch between what you expected and what's actually happening is the main feature of these days, and it often leads to useful corrections if you pay attention.

LUNAR DAY

Moon in ♓ Pisces · Day 10 / 30 · First Quarter

The boundary between personal and environmental moods blurs during this transit, making it easy to absorb the emotional state of whoever is nearby. Imagination and sensitivity both run higher, while clarity of thought and decision-making run lower for the next 48 hours.
