KEY TRANSIT FACTORS

♄ Chiron △ Trine ☿ natal Mercury

You find it easier to talk about your own struggles and listen without judgment when others share theirs. Your conversations tend to be more honest and direct, and people seem to appreciate your **practical, grounded way of discussing difficult topics**. Over the coming weeks, this natural clarity helps you connect with people on a real level instead of staying stuck in surface talk.

♇ Pluto □ Square ☿ natal Mercury

Right now you are **second-guessing everything you say**, replaying conversations and worrying you have said too much or the wrong thing. Your mind feels heavy and suspicious, making you reluctant to share your thoughts or ask for what you need. Over the coming weeks, this paranoia about communication can isolate you from the people around you unless you push through the discomfort and speak anyway.

♆ Neptune △ Trine ♇ natal Pluto

You're finding it easier to let go of situations that no longer serve you without drama or resistance right now. Your practical instincts are sharper about which changes are worth making and which problems will solve themselves if you stop pushing. *Neptune* trine *Pluto* gives you a **calm acceptance of transformation** that makes difficult decisions feel less like crises and more like natural course corrections.

♅ Uranus ∟ Semi sextile ♄ natal Saturn

Over the coming weeks, you find it easier to **adjust your plans without feeling like you're losing control**. Small changes to your schedule or approach no longer feel threatening, and you can spot practical improvements you've been putting off. This is a good window to update systems, refresh routines, or try a different method at work without the usual resistance.

☿ Mercury △ Trine ♄ natal Saturn

Your thinking becomes **organized and practical** right now, making it easy to break down complicated problems into manageable steps. You find yourself naturally planning ahead and catching details you usually miss, which helps you avoid mistakes at work or in personal projects. This is a good time to handle administrative tasks, write things down clearly, or have difficult conversations because your words come out measured and straightforward.

☿ Mercury Rx · ♊ Gemini

Information overload and communication mix-ups are more likely right now than at other times. You may find yourself re-reading, misunderstanding, or having to repeat conversations that should have been straightforward. Slow down with written communications in particular — errors sneak through when you feel most certain.

☉ Sun ☌ Conjunction ☾ Moon

These days you feel more **aligned between what you want and what you feel**. Your emotional needs and your sense of direction match up, so you act with fewer doubts and less second-guessing yourself. This is a practical advantage when you need to make a choice or move forward on something that matters to you.

» Moon ☾ Semi sextile ♀ Venus

These days you find it easier to **say what you actually feel** without worrying so much about how it lands. The emotional and social parts of you are working together instead of against each other, so expressing affection or gratitude comes naturally. This is a good window for having honest conversations with people you care about without the usual awkwardness getting in the way.

» Moon ☐ Square ♃ Jupiter

Your emotions feel bigger than they actually are right now, and you are **overreacting to small disappointments** as if they matter more than they do. *Jupiter* amplifies whatever *Moon* is feeling, so today you might eat too much when you are mildly sad, or spend money you did not plan to spend because you want to feel better. The gap between what you want and what is realistic becomes harder to ignore, and sitting with that gap without doing something about it takes real effort.

LUNAR DAY

Moon in ♋ Cancer · Day 30 / 30 · Waning Crescent

Sensitivity to tone and atmosphere runs higher than usual over the next 48 hours, making small remarks feel more significant than intended. **The draw toward home, familiar food, and trusted people** dominates most decisions.
