KEY TRANSIT FACTORS

♂ Mars * Sextile ♄ natal Chiron ★

Over the coming weeks, you find it easier to **talk directly about past hurts without getting defensive**. You have more patience for difficult conversations and can explain what went wrong without blaming yourself or others. This is a good time to address old wounds with people you care about because your words land differently right now.

♂ Mars △ Trine ♁ natal Uranus ★

Right now you're willing to take risks in practical ways that normally feel too uncomfortable, and it's working out. You act on unconventional ideas quickly without overthinking them, and this **decisive independence** is getting real results. Over the coming weeks, trust that your instinct to break routine and try something different is actually reliable, not reckless.

☉ Sun □ Square ♄ Saturn ★

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.

♁ Uranus * Sextile ♊ natal NNode

Right now you find it easier to **take practical steps toward the things you actually want to do**, without overthinking or second-guessing yourself. People around you notice you seem more willing to experiment with new approaches, and you're picking up on opportunities that would normally pass you by. This period works well for making small changes to your routine or trying something you've been curious about but hesitant to attempt.

♄ Saturn △ Trine ♁ natal Uranus

Right now you find it easier to turn your unusual ideas into actual plans that work. You can **think in practical steps** without losing what makes your vision interesting or different. This period is ideal for starting projects that need both creativity and solid organization, because your brain is naturally balancing both at once.

♄ Saturn △ Trine ♂ natal Mars

Right now you're able to **push toward your goals without burning out**, because you have patience alongside your drive. You naturally pace yourself better than usual, finishing projects instead of starting ten new ones. Over the coming weeks, people notice you're reliable and steady, which builds real respect at work and in your personal life.

☉ Sun □ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

☉ Sun \angle Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

LUNAR DAY

Moon in ♉ Taurus · Day 8 / 30 · First Quarter

The pace slows considerably during this transit as comfort and familiar surroundings take priority over efficiency. Resistance to change hardens, and any disruption to routine tends to provoke stubborn pushback.
