## KEY TRANSIT FACTORS

### ♄ Saturn ☿ Quincunx ♁ natal Uranus

Right now you feel caught between wanting to stick to your usual routines and an urge to break free from them, which creates an awkward tension in practical decisions. You might find yourself **hesitating before making changes** that normally feel automatic, or feeling frustrated when rules or limitations interfere with your independence. This period pushes you to figure out a middle ground, though it won't feel comfortable while you're looking for it.

### ♃ Jupiter ☉ Opposition ♄ natal Saturn

Right now you're caught between wanting to expand and feeling held back by practical limits, which makes you restless and frustrated. You're likely **pushing harder against rules or responsibilities** that suddenly feel too tight, whether at work or in commitments you've made. Over the coming weeks this friction can push you to either break something unnecessarily or finally face where you've actually been avoiding difficult decisions.

### ♄ Saturn ☐ Square ♂ natal Mars

Right now you're running into delays and resistance whenever you try to push forward on anything. Your usual speed and confidence feel blocked, and you may notice **frustration building because things take twice as long as you expect**. This period is teaching you that forcing your way through doesn't work, though that lesson feels uncomfortable while you're living it.

### ☾ Moon ☐ Square ☾ natal Moon

Right now your **moods are harder to predict and manage**, making it difficult to know what you'll feel from one hour to the next. People close to you may seem off or demanding in ways that irritate you more than usual, and you might find yourself defensive instead of open. Over the coming weeks, this restless feeling will push you to notice what you actually need emotionally, even if the process feels uncomfortable.

### ♀ Venus ☿ Quincunx ♀ natal Venus

Over the coming weeks, you might feel slightly off about what usually makes you happy, whether that's social time, physical affection, or how you spend money. You may become **restless with familiar routines** and find yourself wanting something different without quite knowing what. This awkward feeling typically pushes you to adjust how you approach relationships or self-care rather than change them completely.

### ♃ Jupiter Rx · ♈ Aries

Expansion and confidence retreat inward during this period, and bold initiatives launched recently may feel overextended. The impulse to charge forward is replaced by a quieter, more honest review of where your genuine optimism is warranted. Reassessment serves you better than new beginnings right now.

☉ Sun ☐ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

☉ Sun ∟ Semi sextile ☿ Mercury

These days you find it easier to **say what you actually think** without overcomplicating things or getting stuck in your own head. Your mind and sense of purpose line up naturally, so explaining yourself to others feels straightforward rather than exhausting. This is a good window for conversations, presentations, or decisions where you need to be both clear and confident about what matters to you.

☉ Sun ☐ Square ♆ Neptune

Right now you are likely to **confuse what you want with what you imagine you want**, making it hard to set realistic goals or stick to decisions. People around you may seem unreliable or evasive, and you might notice yourself doing the same thing without meaning to. This period asks you to slow down and write things down before acting, because your usual sense of what is real gets cloudy.

LUNAR DAY

Moon in ♑ Capricorn · Day 8 / 30 · First Quarter

**Focus narrows toward responsibilities** and unfinished obligations during this transit, with less tolerance for distraction or small talk. The emotional tone becomes more reserved and measured for the next 48 hours.
