## KEY DATE

### ♀ Venus stations Retrograde

Venus stationing retrograde often brings **delayed decisions** in relationships and money — you might feel unsure about commitments or put off purchases you normally wouldn't hesitate on. People commonly **reconnect with exes** during this period, or **revisit old financial choices** that didn't sit right the first time. Venus retrograde tends to slow down **new relationships and deals**, so timing matters more than usual — what feels stuck now often moves again once the planet shifts direct.

## KEY TRANSIT FACTORS

### ♅ Uranus ∠ Semi sextile ☉ natal Sun

These days you feel **ready to try something different** without needing to blow up your whole life to do it. Small changes at work or home suddenly feel possible, and you notice you're less attached to how things have always been done. This is a good window to test out new routines or introduce fresh ideas that have been sitting in the back of your mind.

### ☿ Mercury △ Trine ♆ natal Neptune

Your mind is unusually clear about things you normally find confusing, and you can explain your thoughts in ways people actually understand right now. **You pick up on what others mean without needing them to spell it out**, which makes conversations feel easier and more connected. These days your intuition about people and situations is reliable, so trust what you're sensing when it comes to making decisions.

### ☾ Moon qx Quincunx ☉ natal Sun

Right now your mood and your sense of purpose are out of sync, so you feel restless even when things are going well. You might **second-guess decisions you normally feel confident about**, or find yourself irritable with people who don't understand what you need. These feelings will pass in a week or two, but until then you'll work better if you accept the discomfort rather than trying to fix it.

### ♁ Chiron △ Trine ♄ natal Saturn

You are finding it easier to accept your own limitations without feeling like you have failed. **You take a practical approach to your weaknesses** and see them as useful information rather than proof of inadequacy. Over the coming weeks, this shift in perspective makes it simpler to plan realistic goals and stick to them without the usual self-criticism getting in your way.

### ♀ Venus qx Quincunx ☉ natal Sun

These days you feel **slightly out of sync with what you normally want**, making social and romantic situations feel awkward even when they shouldn't. You might attract attention from others but struggle to enjoy it the way you usually do, or find yourself wanting closeness while also wanting space. This mismatch between your confidence and your social comfort will ease once this period passes.

### ♀ Venus Rx · ♋ Cancer

Emotional security in close relationships is being reassessed right now, often without clear language to describe the process. Family-related values, domestic arrangements, and old relationship patterns from earlier in life come up for review. Nurturing yourself is more productive now than seeking reassurance from others.

### ♄ Saturn Rx · ♑ Capricorn

Ambitions, career structures, and long-term goals are under the most rigorous review possible during this period. Work that has been sustained through discipline alone may now reveal where genuine motivation is missing. This is a demanding but genuinely clarifying period for honest assessment of your long-term direction.

### ☉ Sun ☐ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

### ☉ Sun ∟ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

### ☉ Sun ☐ Square ♂ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.

## LUNAR DAY

Moon in ♍ Virgo · Day 8 / 30 · Waxing Crescent

Attention sharpens on what is not working right now — small errors and inefficiencies become harder to ignore than usual. **The tendency to organize, correct, and refine** runs stronger for the next day or two, sometimes at the cost of the bigger picture.

## CLOTHING & JEWELRY

Monday · ☾ Moon · Venus in Pisces

Monday belongs to the Moon — wear silver, white, or soft green tones. Moonstone or pearl as a pendant or ring amplifies the day's intuitive, nurturing energy.
