KEY TRANSIT FACTORS

♀ Venus △ Trine ♂ natal Uranus ★

These days you feel more comfortable being yourself around others and less worried about what people expect from you. You're **more willing to try new things socially** — whether that's suggesting an unusual date idea, joining a group with different interests, or speaking up with an unpopular opinion. This period brings a natural ease to your relationships because you're relaxed enough to let your actual personality show, and that authenticity tends to draw people toward you.

♀ Venus ♀ Conjunction ♂ natal Mars ★

You feel more **confident and direct about what you want**, whether in romantic or social situations. These days you're more likely to make the first move, express attraction openly, or simply go after something that interests you instead of waiting. This confidence usually works in your favour, though it can fade quickly once the transit ends.

♀ Venus * Sextile ♁ natal Chiron ★

Right now you find it easier to be kind to yourself about your past mistakes and insecurities. You're more likely to **accept your own flaws without harsh judgment** and actually mean it. This shift makes it simpler to have honest conversations with people you care about, since you're not defending yourself or hiding anymore.

☉ Sun ☿ Quincunx ♆ natal Neptune

Right now you're noticing that what you want to do and what actually works don't quite line up, so you have to make small adjustments constantly. You might feel **pulled between being direct about your goals and sensing that people need a softer approach**, which means you second-guess yourself more than usual. Over the coming weeks, this mismatch will push you to find a middle ground instead of forcing things one way or the other.

♄ Saturn ∟ Semi sextile ♊ natal NNode

Over the coming weeks, you find it easier to **follow through on commitments** without second-guessing yourself or overthinking the details. A quiet confidence settles in when you're working toward goals that actually matter to you, and you waste less time on distractions. This practical steadiness helps you build real progress in areas where you've been hesitant or uncertain.

☉ Sun □ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

♿ Mercury * Sextile ♅ Uranus

Your thinking is unusually quick and flexible right now, making it easy to spot patterns others miss and come up with **original solutions to practical problems**. Conversations tend to flow in unexpected directions, and you find yourself saying things that surprise even you in a good way. This is ideal timing for brainstorming, learning something new, or explaining complicated ideas in fresh ways that actually make sense to people.

♿ Mercury ♃ Conjunction ♋ NNode

These days you notice you're **speaking up about things that matter to you**, even topics you usually avoid. Conversations feel less risky right now because people seem genuinely interested in what you think. This period naturally pushes you toward saying what you actually believe instead of staying quiet.

LUNAR DAY

Moon in ♊ Gemini · Day 8 / 30 · First Quarter

Social activity picks up for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.

CLOTHING & JEWELRY

Tuesday · ♂ Mars · Venus in Pisces

Tuesday is ruled by Mars — bold red, burgundy, or deep crimson channel the day's active energy. Ruby or garnet worn close to the body strengthens initiative and courage.
