KEY TRANSIT FACTORS

♁ Chiron ☐ Square ♄ natal Saturn

Right now you're noticing where you've built walls to protect yourself, and those same walls are making you feel trapped and isolated. You become **more critical of yourself and others**, expecting failure before you even try, which makes it harder to reach out or take reasonable risks. Over the coming weeks, this period pushes you to examine whether your caution is actually keeping you safe or just keeping you small.

☾ Moon ☿ Quincunx ♃ natal Jupiter

Over the coming weeks, you might feel **restless about your own beliefs or plans** without being able to pinpoint why. Your emotional needs and your larger goals keep pulling in different directions, making it hard to feel settled in either area. This mismatch usually passes on its own once the transit moves on.

♃ Jupiter ☐ Square ♃ natal Jupiter

Right now you're caught between wanting to expand too fast and hitting real practical limits. You overestimate what you can handle, say yes to too much, and then feel frustrated when reality doesn't cooperate with your plans. These friction points are teaching you where your actual resources end, but the lesson feels annoying rather than helpful **while it lasts**.

♇ Pluto △ Trine ♀ natal Venus

You find it easier to say what you actually want in your relationships right now, and people respond well to your honesty. Your **natural magnetism increases** — you draw others toward you without trying hard or performing. Over the coming weeks, connections deepen because you're showing up as yourself, and that authenticity makes a real difference in how people treat you.

♆ Neptune △ Trine ♃ natal Jupiter

You're naturally more **optimistic about what's possible** right now, and people pick up on this openness. Your thinking tends toward the generous side, making you quicker to give someone a second chance or believe in a plan that seemed risky before. Over the coming weeks, this shift can help you connect with others more easily or move forward on something you've been hesitant about.

♂ Mars Rx · II Gemini

Energy scatters across too many directions right now, making sustained effort on a single goal unusually difficult. Arguments or miscommunications can flare up without clear cause, and the frustration of divided attention builds quickly. Choose one or two priorities and protect them from the rest during this period.

☉ Sun ☿ Conjunction ☿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

☉ Sun ♂ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

☉ Sun ☐ Square ♄ Chiron

Right now you are more aware of your own weak spots and past hurts, which makes it harder to feel confident in what you're doing. You might find yourself **second-guessing your choices** or feeling like you're not good enough, even when you're performing well. This psychological self-doubt is temporary, but it takes real effort to push through it and keep moving forward.
