KEY TRANSIT FACTORS

♃ Jupiter ∟ Semi sextile ♄ natal Saturn

Over the coming weeks, you find it easier to follow through on practical plans without getting overwhelmed by all the details. *Jupiter* is giving you just enough optimism to balance *Saturn's* caution, so you can **move forward steadily while staying realistic** about what you can actually do. This is a good time to tackle a project that requires both confidence and discipline, because you naturally trust your own judgment right now.

♆ Neptune ☉ Opposition ♅ natal Uranus

Right now you are caught between wanting to break free and feeling too confused to know which way to go. Your usual ability to spot what needs to change is clouded by **vague doubts and second-guessing**, so you either act on half-formed ideas or freeze completely. Over the coming weeks, expect to feel frustrated with yourself for not moving forward, and frustrated with others for not understanding your sudden shifts in direction.

♇ Pluto * Sextile ☿ natal Mercury

Your thinking becomes **sharper and more penetrating** while *Pluto* supports your *Mercury* right now. You naturally spot patterns others miss and can ask the questions that get to the real issue in conversations or problems. This clarity lasts for weeks and helps you communicate about difficult topics with unusual directness and honesty.

♆ Neptune * Sextile ♂ natal Mars

You find yourself **acting on your goals with less resistance and more creative confidence** while this transit lasts. Your usual drive to push forward softens into something more intuitive, and you accomplish things by feeling your way through obstacles rather than bulldozing past them. Over the coming weeks, people respond better to this quieter approach, and you discover that backing off the gas pedal actually gets you further.

♆ Neptune * Sextile ♀ natal Venus

Right now you're more **willing to see people as they want to be seen rather than how they actually are**, which softens your relationships in a real and practical way. You feel less critical of your partner or close friends and more inclined to give them the benefit of the doubt when things go wrong. Over the coming weeks, this gentler outlook makes your social life feel easier and your connections feel warmer, even though nothing concrete has actually changed.

♄ Saturn Rx · ♒ Aquarius

The structures supporting group goals, social commitments, and future-oriented plans are being honestly tested right now. Rules and systems that seemed useful may prove unnecessarily rigid under pressure. Distinguishing between structures worth preserving and those worth updating is the most useful work of this period.

☉ Sun ∟ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☉ Sun ☐ Square ♂ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.

☾ Moon ☐ Square ♃ Neptune

Right now your emotional responses feel disconnected from what is actually happening around you. You might **overreact to small problems or miss real warning signs** because your feelings are not matching the facts. This mismatch between what you feel and what is real makes it hard to trust your own judgment about people and situations.

LUNAR DAY

Moon in ♎ Libra · Day 2 / 30 · New Moon

The social atmosphere becomes more diplomatic during this transit, with more care taken to avoid unnecessary friction. Decisions slow down as multiple perspectives get weighed, and outright conflict feels harder to initiate than usual.
