KEY TRANSIT FACTORS

♀ Venus * Sextile ♀ natal Venus

You feel more **at ease in social situations** right now, and other people pick up on this relaxed confidence. Your conversations flow more naturally, and you find yourself saying yes to invitations you might normally skip. This is a good window to deepen friendships, start something romantic, or simply enjoy being around the people you care about without the usual self-doubt.

♃ Jupiter ☌ Conjunction ☉ natal Sun

You feel more confident in social situations and willing to take on bigger responsibilities at work or home. People tend to respond well to you right now, and you're less likely to doubt yourself before speaking up. Over the coming weeks, you might find yourself saying yes to opportunities you would normally hesitate about.

♆ Neptune ☐ Square ♄ natal Saturn

Right now you are caught between wanting to relax your standards and needing to stick to them, which leaves you feeling unsettled about practical decisions. You might find yourself **avoiding commitment or clarity** on important matters because the effort feels pointless, or you second-guess rules and boundaries you normally trust. Over the coming weeks, this friction between *Neptune's* pull toward looseness and *Saturn's* demand for structure can make you feel like you are either too rigid or too adrift in your own life.

♀ Venus ☌ Opposition ♅ natal Uranus

Right now you feel restless in your relationships and may push away people who want to get closer to you. Your need for independence clashes with what others expect from you, making you act unpredictably or withdraw without explanation. Over the coming weeks, this **emotional distance you create** will test whether your connections can handle your sudden need for space.

♀ Venus * Sextile ♂ natal Mars

You're feeling **confident and direct about what you want**, which makes it easier to ask for things or take action without overthinking. People around you respond well to this combination of warmth and decisiveness, so conversations that usually feel awkward become straightforward. Over the coming weeks, you'll likely notice you're more willing to make a move on something you've been considering, whether that's starting a project or deepening a connection with someone.

☉ Sun ☌ Opposition ☾ Moon

Right now you feel pulled in two directions at once, and it's hard to know what you actually want. You might notice yourself **acting one way in public and feeling something completely different inside**, which creates an awkward tension you can't ignore. This split between what you're showing others and what you're experiencing privately tends to make decisions feel impossible until the aspect passes.

☉ Sun △ Trine ♂ Mars

Right now you feel **capable and ready to act** on things you've been thinking about. You have the psychological boost to start projects or push through obstacles without burning out or getting frustrated. This period makes practical effort feel natural instead of forced.

☉ Sun ♂ Conjunction ♃ Jupiter

Right now you feel more confident about your abilities and less worried about what could go wrong. You are **more willing to take on bigger challenges** and speak up in situations where you normally stay quiet. This period tends to bring real opportunities your way because you are actually showing up differently, not because of luck.

LUNAR DAY

Moon in ♌ Leo · Day 15 / 30 · Waxing Gibbous

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.

CLOTHING & JEWELRY
