KEY TRANSIT FACTORS

☿ Mercury △ Trine ♁ natal Chiron

While this lasts, you find it easier to **talk through painful situations** without getting defensive or stuck. Your conversations with others become more straightforward and practical, which helps you actually work through what bothers you instead of ruminating alone. Over the coming weeks, this clarity in how you communicate can turn old hurts into useful lessons you can actually learn from.

♂ Mars ∟ Semi sextile ♇ natal Pluto

Over the coming weeks, you'll notice a **quiet increase in your ability to push past what usually holds you back**. *Mars* is giving *Pluto* a helpful nudge, and you'll find yourself taking small decisive actions in areas where you've felt stuck or powerless before. This isn't aggressive or dramatic—it's more like discovering you have a bit more psychological backbone when you actually need it.

♆ Neptune ♂ Conjunction ☉ natal Sun

You are less certain about who you are right now, and that shows in how you present yourself to others. Your usual sense of direction feels fuzzy, and you might find yourself **blending in with whatever group you're around rather than standing out**. Over the coming weeks, people may see you as more flexible or dreamy than usual, and you may struggle to remember what you actually want separate from what others want.

♀ Venus △ Trine ♆ natal Neptune

These days you find it easier to **connect with people on a softer level**, and they respond well to your gentleness. Your romantic life or close relationships feel more fluid right now, with less friction and more natural understanding between you and others. Over the coming weeks, your appreciation for beauty and comfort also tends to make everyday moments feel a bit more pleasant.

♃ Jupiter ∟ Semi sextile ☿ natal Mercury

Your thinking becomes more practical and purposeful these days, and you find it easier to explain your ideas to other people without getting tangled up in details. You're **more optimistic about what you can accomplish** when you speak up or write something down, and that confidence often translates into real results. Over the coming weeks, small conversations or written messages tend to open doors that might have stayed closed before.

☉ Sun △ Trine ♅ Uranus

Right now you feel comfortable taking risks that normally make you anxious, and **you speak up about ideas you'd usually keep quiet**. Other people seem more receptive to what you have to say, and conversations naturally veer toward what could happen instead of what has always happened. This is a good time to propose changes at work, try something new socially, or make a practical decision you've been putting off.

› Moon ☐ Square ♀ Venus

Right now your **emotional needs feel at odds with what you actually want** — you might crave closeness but feel irritable when someone gets near, or want to be alone but then feel rejected. This mismatch between *Moon* and *Venus* makes it harder to communicate what you need without sounding demanding or cold. Over the coming weeks, pay attention to these moments so you can spot the pattern and name it out loud before resentment builds up.

› Moon ☿ Opposition ♂ Mars

Right now your **irritability is running high** and small annoyances feel like major problems. People around you seem to trigger you faster than usual, and you may snap at them or pick fights without meaning to. These days the gap between what you feel and what you're actually able to do creates real frustration, so patience is thin on the ground for everyone.

LUNAR DAY

Moon in ♋ Pisces · Day 24 / 30 · Last Quarter

The boundary between personal and environmental moods blurs during this transit, making it easy to absorb the emotional state of whoever is nearby. Imagination and sensitivity both run higher, while clarity of thought and decision-making run lower for the next 48 hours.

CLOTHING & JEWELRY
