KEY TRANSIT FACTORS

☾ Moon △ Trine ☾ natal Moon

Right now you feel **emotionally settled** and less reactive to small annoyances that normally wind you up. People around you notice you're easier to be with because you're not second-guessing yourself or getting stuck in your own head. This window of *Moon* trine *Moon* support lasts a few weeks, so use it to handle conversations or decisions you've been putting off.

♄ Saturn * Sextile ♊ natal NNode

You are finding it easier to stick with commitments that actually matter to you right now, whether that's a project, a relationship, or a personal goal. **Your ability to follow through** feels natural instead of forced, and people around you notice you are more reliable than usual. This period gives you real momentum to build something solid that aligns with where you actually want to go.

♂ Mars ☌ Conjunction ☉ natal Sun

Right now you have more **physical drive and directness** than usual, and you're quicker to act on what you want. You may push harder on projects or speak up more bluntly in conversations because your patience for delays has dropped. Watch whether this gets you closer to your goals or whether it creates friction with people around you.

♅ Uranus * Sextile ☾ natal Moon

These days you feel more willing to break your own routines and try things that normally make you uncomfortable, which often leads to pleasant surprises. You might suddenly want to rearrange your living space, change your sleep schedule, or suggest a spontaneous trip to someone close to you without overthinking it. This period brings an **openness to doing things differently** in your personal life, and people around you likely notice you seem lighter and more flexible than usual.

♁ Chiron □ Square ♊ natal NNode

Right now you're bumping up against old patterns that feel protective but are actually holding you back from what you actually want. You notice yourself reverting to familiar ways of handling social situations or work challenges, even though you know these approaches don't serve you anymore. Over the coming weeks, this friction will push you to question why you keep choosing the safe route instead of moving toward the direction that genuinely interests you.

☿ Mercury Rx · ♏ Sagittarius

Plans for travel, education, or big-picture goals hit unexpected snags right now. Opinions expressed with too much confidence may need to be walked back, and long-distance communications often get garbled. This is a better period for reviewing beliefs than for broadcasting them.

☉ Sun ☌ Conjunction ☿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

☉ Sun ☌ Semi sextile ☿ Mars

These days you feel **motivated to take small steps forward** without forcing things or burning out. Your practical energy matches what you actually want to do right now, so starting a project or having a difficult conversation feels less exhausting than usual. This is a good window to build momentum on something you care about while the effort still feels natural.

☉ Sun ☌ Semi sextile ♆ Neptune

These days you find it easier to **imagine things before you build them**, whether that's a project at work or how you want your living space to feel. The subtle connection between *Sun* and *Neptune* softens your usual need to rush into action, giving your practical plans a touch of creativity. This is a good time to sketch out ideas, talk through your vision with others, or sit with half-formed thoughts without needing immediate answers.

LUNAR DAY

Moon in ♌ Leo · Day 19 / 30 · Full Moon

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
