KEY TRANSIT FACTORS

♃ Jupiter ☾ Semi sextile ☾ natal Moon ★

You find it easier to ask for what you need right now, and people tend to respond well when you do. Your mood is steadier than usual, which makes **speaking up about emotional concerns feel less risky**. Over the coming weeks, small conversations that might normally feel awkward often lead to genuine support instead.

♃ Jupiter * Sextile ♃ natal Jupiter

Right now you're feeling **naturally confident about your abilities**, and opportunities seem to come your way with less effort than usual. You're more likely to say yes to things, take on new projects, or expand something that's already working in your life. Over the coming weeks, this optimism tends to be grounded enough that your decisions pay off rather than lead you astray.

♅ Uranus ☐ Square ♃ natal Jupiter

Right now you are restless with your current plans and want to scrap them for something completely different, even when things are working reasonably well. You feel **impatient with limits** and may make sudden decisions about money, education, or travel that you have not fully thought through. Over the coming weeks, impulsive moves could create real practical problems that take time to fix.

♂ Mars ☐ Square ♁ natal Chiron

You're more irritable than usual right now, especially when someone points out a mistake or limitation of yours. **You push back harder and faster than normal**, defending yourself before you've even thought it through. Over the coming weeks, this defensive reaction will show you exactly where you're still tender about your own abilities or past failures.

☾ Moon ♂ Conjunction ♁ natal NNode

These days you feel more drawn to people and situations that feel familiar or emotionally safe, even if they are not new. You are likely **seeking connection with others who understand your values without needing to explain yourself**. This pull toward comfort and belonging will fade in a week or two, but right now it is worth noticing who or what actually makes you feel at home.

☉ Sun * Sextile ♆ Neptune

Right now you find it easier to **notice what others need without them having to ask**, and people respond well to this attentiveness. Your practical decisions feel less rigid, and you can hold two opposite ideas at once without getting stuck. This period is good for creative work, counseling conversations, or any situation where you need to read between the lines.

☉ Sun △ Trine ♇ Pluto

These days you find it easier to **face difficult truths about yourself without falling apart**. You can look at your mistakes and weaknesses directly, then decide what to actually change instead of avoiding the problem. This psychological clarity helps you make real improvements in how you work, relate to others, or handle money.

› Moon ♂ Conjunction ♀ Venus

These days you feel more **comfortable showing affection** to the people around you, and they respond by being warmer in return. Your *Moon* and *Venus* are aligned right now, which makes it easier to express what you actually care about instead of holding back. This is a good window for having honest conversations with someone you're close to, or simply spending time with people who matter to you without the usual self-consciousness.

LUNAR DAY

Moon in ♒ Aquarius · Day 26 / 30 · Last Quarter

Emotional detachment increases these days, making abstract discussions and group concerns feel more engaging than personal ones. People respond better to logic than to feeling right now, and the need for independence runs noticeably higher.
