## KEY TRANSIT FACTORS

### ♀ Venus ☐ Square ♇ natal Pluto

Right now you may feel drawn into relationships or situations where you want more control than is realistic, and you become frustrated or resentful when you cannot have it. Your **need to dominate or possess** shows up in your romantic life and friendships, creating tension with people who sense your intensity. Over the coming weeks, this pattern will likely push others away unless you notice it and step back from trying to reshape them.

### ♄ Saturn △ Trine ☿ natal Mercury

Your thinking becomes more organized and methodical right now, making it easier to work through complex problems without getting distracted. You find yourself **naturally able to follow through on plans** and communicate what you actually mean instead of talking in circles. This period is ideal for learning something practical or finishing projects that require sustained focus and clear explanations.

### ♁ Chiron ∟ Semi sextile ♁ natal Chiron

You find yourself more willing to talk about things that normally feel difficult or private, and people respond better than you expected. This period brings a quieter kind of confidence where you stop pretending everything is fine and actually **admit what you struggle with**. Small conversations about real problems start to shift how you feel about yourself and what you thought you had to hide.

### ♂ Mars ∟ Semi sextile ♃ natal Jupiter

You're finding it easier to take small steps toward things you actually want right now, without overthinking or stalling yourself. **Your natural confidence is subtle but real** — you're more willing to try something new or speak up in a meeting without needing everything to be perfect first. Over the coming weeks, this steady momentum can help you build on projects or goals that felt stuck before.

### ☿ Mercury ∟ Semi sextile ♃ natal Jupiter

While this lasts, you find it easier to **see the bigger picture in conversations** and explain your ideas in ways that actually land with people. Your thoughts naturally connect to larger themes, so even casual discussions feel more meaningful and productive. Over the coming weeks, this mental clarity makes it simpler to learn new things and share what you know without overthinking it.

### ☉ Sun \* Sextile ♁ NNode

Right now you find it easier to **say yes to opportunities that feel natural** instead of forcing yourself into situations that do not fit you. People around you notice you are more relaxed about taking small steps forward, and you move with less self-doubt. This period supports you in choosing what actually matches who you are becoming, rather than chasing what you think you should want.

### › Moon ☾ Opposition ♀ Mercury

Right now your feelings and your thoughts are pulling in different directions, which makes it hard to say what you actually mean. You might feel upset about something but explain it in a way that sounds cold or defensive, so people don't understand what's really bothering you. This mismatch between what you feel and what you say creates **confusion in conversations**, and you'll likely need to circle back later to clear things up.

### › Moon ☾ Opposition ♂ Mars

Right now your **irritability is running high** and small annoyances feel like major problems. People around you seem to trigger you faster than usual, and you may snap at them or pick fights without meaning to. These days the gap between what you feel and what you're actually able to do creates real frustration, so patience is thin on the ground for everyone.
