KEY TRANSIT FACTORS

☾ Moon ∠ Semi sextile ♃ natal Jupiter ★

These days you find it easier to **see the good in situations** and bounce back quickly from small disappointments. Your mood lifts naturally when you focus on what you've learned from recent experiences, and people around you notice you're more optimistic than usual. This is a good window to say yes to invitations or try something new, since your confidence in things working out is genuinely higher right now.

♀ Venus qx Quincunx ♄ natal Saturn

Right now you feel pulled between wanting closeness with someone and needing to keep your distance, which makes you act uncertain in social situations. You might say yes to plans and then back out, or hold back from expressing what you actually want because you are unsure how it will land. These mixed feelings are temporary, but while this lasts they can make your relationships feel awkward or leave you feeling dissatisfied with how you are connecting.

♄ Saturn qx Quincunx ♆ natal Neptune

Right now you're noticing the gap between what you imagine and what actually works in practice. You feel caught between wanting to escape reality and knowing you have real responsibilities that need attention. This uncomfortable mismatch forces you to make small adjustments to your plans, even if it feels frustrating at the moment.

☾ Moon □ Square ♅ natal Uranus

Right now you feel restless and irritable in ways that don't match your usual mood, making you **snap at people over small things** and struggle to sit still. Your need for sudden change clashes with what you actually need emotionally, so you might suddenly want to quit something or push away someone close to you without being clear why. These feelings will pass in a few days, but while they last you'll need to notice the impulse to act on them rather than act immediately.

☾ Moon ∠ Semi sextile ♂ natal Mars

You're feeling **quietly more decisive** these days, and small tasks that usually feel tedious become easier to start. Your emotional state and your drive are working together instead of against each other, so you follow through on what matters without the usual inner resistance. This gentle alignment between *Moon* and *Mars* gives you just enough momentum to turn intentions into action over the coming weeks.

☉ Sun ♂ Conjunction ♆ Neptune

Right now your sense of what is real gets softer and less clear. You might find yourself **believing things without checking them first** or making decisions based on feelings instead of facts. This is a good time to notice when you are being vague or wishful, and to ask someone you trust whether your view of a situation actually matches what is happening.

☉ Sun * Sextile ♇ Pluto

These days you find it easier to **spot what needs to change** in your life without feeling overwhelmed by it. The practical support between *Sun* and *Pluto* means you can see problems clearly and actually do something about them instead of avoiding them. This is a good window for tackling projects that require focus and honesty about what's really going on.

☉ Sun ☌ Quincunx ♁ NNode

At the moment you are noticing a mismatch between what you want to do and what feels like the right direction to move in. You might find yourself **hesitating before making choices** because two parts of you are pulling slightly different ways. This isn't crisis or conflict—just an uncomfortable adjustment where you have to consciously decide which impulse to follow rather than acting on automatic.
