KEY TRANSIT FACTORS

♂ Mars ☌ Conjunction ♀ natal Venus ★

While this lasts, you feel a **stronger pull toward people and activities that excite you** — you're more direct about what you want and less willing to wait around. Your physical attraction to others sharpens, and you're quicker to pursue relationships or make moves in your social life. Over the coming weeks, watch whether this directness helps you connect or whether you're pushing too hard before you know what you actually want.

♂ Mars △ Trine ♁ natal Uranus ★

Right now you're willing to take risks in practical ways that normally feel too uncomfortable, and it's working out. You act on unconventional ideas quickly without overthinking them, and this **decisive independence** is getting real results. Over the coming weeks, trust that your instinct to break routine and try something different is actually reliable, not reckless.

♂ Mars * Sextile ♁ natal Chiron ★

Over the coming weeks, you find it easier to **talk directly about past hurts without getting defensive**. You have more patience for difficult conversations and can explain what went wrong without blaming yourself or others. This is a good time to address old wounds with people you care about because your words land differently right now.

♁ Uranus ☌ Opposition ♇ natal Pluto

You're running into situations where you feel your control slipping away, and it makes you uncomfortable. **You push harder to regain power** in exactly the areas where you have the least influence, which only creates more conflict with others. Over the coming weeks, you'll need to notice when you're fighting to keep things the same instead of accepting what you cannot change.

♇ Pluto ☌ Quincunx ♁ natal Uranus

You feel pulled between wanting to break free from something and not knowing exactly what to change or how. This inner restlessness can make you **act impulsively on plans that aren't fully thought through**, only to second-guess yourself days later. Over the coming weeks, small adjustments to your routines or relationships will feel more useful than any dramatic moves.

♃ Jupiter Rx · ♋ Cancer

Emotional generosity and the expansion of close bonds may feel less available right now. Past connections, family relationships, or unresolved emotional commitments return to the foreground. Honest reflection on where your genuine care and loyalty are directed yields more than performing warmth you do not feel.

♄ Saturn Rx · ♊ Gemini

Mental discipline and consistency in communication are being tested right now. Projects that require sustained intellectual effort may expose areas where your commitment has been shallow. Returning to half-finished work rewards you more during this period than starting fresh.

☉ Sun ♂ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

☉ Sun ♀ Opposition ♃ Jupiter

Right now you are more likely to overcommit and say yes to things you cannot actually do. Your confidence is high but your realistic assessment of time and resources is low, which creates practical problems down the line. The gap between what you promise and what you deliver becomes **harder to hide**, and people around you start to notice the disconnect.

☉ Sun ☿ Quincunx ♄ Saturn

Right now you feel a mismatch between what you want to do and what seems practical or allowed. You might push forward with a plan only to run into a real obstacle that makes you reconsider, or hold back when you actually have a real opportunity. **This awkward timing between your drive and your responsibilities** means you cannot simply act on instinct—you need to adjust, compromise, or wait for better conditions.

LUNAR DAY

Moon in ♌ Leo · Day 19 / 30 · Full Moon

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
