KEY TRANSIT FACTORS

☾ Moon ☿ Quincunx ☉ natal Sun

Right now your mood and your sense of purpose are out of sync, so you feel restless even when things are going well. You might **second-guess decisions you normally feel confident about**, or find yourself irritable with people who don't understand what you need. These feelings will pass in a week or two, but until then you'll work better if you accept the discomfort rather than trying to fix it.

☉ Sun ☿ Opposition ♊ natal NNode

Right now you feel pulled in the opposite direction from what comes naturally to you, and it creates real friction in how you show up socially. You become **self-conscious about your usual way of being**, second-guessing choices you would normally make without thinking. Over the coming weeks, this discomfort is actually pushing you to expand beyond your comfort zone, though the process feels uncomfortable rather than exciting.

♅ Uranus △ Trine ♄ natal Saturn

Right now you can spot problems in your routines and systems without getting defensive about changing them. You feel **willing to experiment with practical improvements** while keeping what actually works. This is a rare window where your instinct for stability supports your curiosity about doing things differently.

♇ Pluto ∟ Semi sextile ♁ natal Chiron

Over the coming weeks, you notice you can **talk about past hurts without getting stuck in them**. People seem to listen differently when you speak, and you find yourself explaining your experiences in ways that actually help others understand you. This shift makes conversations feel lighter and more honest than usual.

♊ NNode ☿ Quincunx ♁ natal Chiron

Over the coming weeks, you may notice that **old insecurities are surfacing in new situations**, especially when you are trying something unfamiliar. You feel aware of your weak spots but also slightly out of sync with how to address them. This mismatch between knowing what bothers you and knowing how to move forward can make practical decisions feel awkward or indirect.

☉ Sun ☿ Conjunction ♂ Mars

Right now you feel **more direct and willing to take action** on things you normally hesitate about. You're likely to speak up in conversations, push forward with a project, or make a decision you've been putting off. This practical confidence usually fades once the transit passes, so use it to handle what actually needs doing.

☉ Sun ☿ Opposition ♆ Neptune

Right now you are **more likely to feel confused about what you actually want** because the gap between your real goals and your wishful thinking is wider than usual. You might make promises you cannot keep or agree to things without checking the practical details first. The emotional fog makes it harder to trust your own judgment, so this is a good time to ask someone else before you commit to anything important.

☉ Sun △ Trine ♇ Pluto

These days you find it easier to **face difficult truths about yourself without falling apart**. You can look at your mistakes and weaknesses directly, then decide what to actually change instead of avoiding the problem. This psychological clarity helps you make real improvements in how you work, relate to others, or handle money.

LUNAR DAY

Moon in ♊ Gemini · Day 27 / 30 · Waning Crescent

Social activity picks up for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.

CLOTHING & JEWELRY

Monday · ☾ Moon · Venus in Pisces

Monday belongs to the Moon — wear silver, white, or soft green tones. Moonstone or pearl as a pendant or ring amplifies the day's intuitive, nurturing energy.
