KEY DATE

☿ Mercury enters ♏ Scorpio

Mercury in *Scorpio* brings **sharper focus** to conversations—people tend to ask tougher questions and get straight to what actually matters instead of making small talk. At work and in relationships, you'll notice others **reading between the lines** more carefully and expecting the same from you, which means vague answers stop working. This transit makes people less willing to skim the surface, so discussions go **deeper and longer** than usual, and secrets or half-truths become harder to hide.

KEY TRANSIT FACTORS

☉ Sun ☐ Square ♄ Saturn ★

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.

♂ Mars △ Trine ♋ natal NNode

You're finding it easier to take action on things that actually matter to you right now. **You move forward with less self-doubt**, and people respond well to your directness and confidence. Over the coming weeks, opportunities show up because you're willing to try things that align with what you genuinely want.

♄ Saturn ☐ Square ♄ natal Saturn

You feel **blocked and frustrated** by rules and limits that suddenly feel too tight, whether at work or in your own routines. Everything takes longer than it should right now, and you are likely to doubt whether you have what it takes to reach your goals. These feelings are real but temporary, and pushing harder against the resistance usually backfires, so your best move is to slow down and rebuild your structure piece by piece.

☉ Sun ☌ Conjunction ♆ natal Neptune

Right now you're more **drawn to imagination and possibility than to facts**, which can make practical tasks feel boring or pointless. You might find yourself daydreaming at work, losing track of time, or making decisions based on how something feels rather than what actually makes sense. These few weeks are a good time to create or reflect, but a poor time to sign contracts or commit to concrete plans without checking the details twice.

♆ Neptune ☌ Conjunction ♋ natal NNode

These days you find yourself **drawn to people and situations that feel meaningful without quite knowing why**. Your usual sense of direction gets softer, and you may second-guess choices you normally feel clear about. Over the coming weeks, pay attention to what actually pulls your interest—this is real information, even if it doesn't make logical sense right now.

♀ Venus △ Trine ⚡ natal Chiron

You find it easier to talk about things that usually hurt, and people actually listen without judgment. Your **openness about past disappointments** feels safe right now, and you notice others responding with real compassion instead of awkwardness. This period gives you a chance to connect with people over shared struggles in a way that strengthens your relationships.

☉ Sun ∟ Semi sextile ☾ Moon

These days you find it easier to **act on what you actually feel** instead of second-guessing yourself. Your emotional reactions and your practical choices line up more naturally, so you waste less energy fighting your own instincts. This makes conversations smoother and decisions quicker because you're not pulling yourself in opposite directions.

☉ Sun * Sextile ♇ Pluto

These days you find it easier to **spot what needs to change** in your life without feeling overwhelmed by it. The practical support between *Sun* and *Pluto* means you can see problems clearly and actually do something about them instead of avoiding them. This is a good window for tackling projects that require focus and honesty about what's really going on.

LUNAR DAY

Moon in ♏ Scorpio · Day 3 / 30 · New Moon

Psychological intensity rises for the next 48 hours, and surface-level talk becomes noticeably less satisfying. People read into what others leave unsaid more than usual, and private matters feel more pressing.
