KEY TRANSIT FACTORS

☉ Sun ☐ Square ♄ Saturn ★

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.

♄ Saturn ☐ Square ♄ natal Saturn

You feel **blocked and frustrated** by rules and limits that suddenly feel too tight, whether at work or in your own routines. Everything takes longer than it should right now, and you are likely to doubt whether you have what it takes to reach your goals. These feelings are real but temporary, and pushing harder against the resistance usually backfires, so your best move is to slow down and rebuild your structure piece by piece.

♀ Venus * Sextile ♅ natal Uranus

Right now you find yourself more **willing to break your usual social patterns** and try something genuinely different. You might spontaneously say yes to an invitation that would normally make you hesitant, or you suddenly feel comfortable being yourself around people who usually intimidate you. This window of ease lasts only a few weeks, so these small social risks you take now can shift how you see yourself in relationships.

♀ Venus ☐ Opposition ♂ natal Mars

Right now you're caught between what you want and what others want from you, and the clash is hard to ignore. You feel **restless and irritable** when people don't match your pace or energy, and you're more likely to snap or push back instead of finding middle ground. These days your relationships and attractions carry more friction than usual, and it takes real effort to slow down enough to actually listen.

♆ Neptune ♂ Conjunction ♊ natal NNode

These days you find yourself **drawn to people and situations that feel meaningful without quite knowing why**. Your usual sense of direction gets softer, and you may second-guess choices you normally feel clear about. Over the coming weeks, pay attention to what actually pulls your interest—this is real information, even if it doesn't make logical sense right now.

♀ Venus ☐ Opposition ♀ natal Venus

You're likely to feel **dissatisfied with your relationships and how others treat you** right now, even if nothing has actually changed. What you normally accept from your partner or friends suddenly feels unfair or emotionally off. These days your own needs feel invisible, and you may swing between giving too much and withdrawing entirely.

☉ Sun * Sextile ♇ Pluto

These days you find it easier to **spot what needs to change** in your life without feeling overwhelmed by it. The practical support between *Sun* and *Pluto* means you can see problems clearly and actually do something about them instead of avoiding them. This is a good window for tackling projects that require focus and honesty about what's really going on.

☉ Sun ☐ Square ♄ Chiron

Right now you are more aware of your own weak spots and past hurts, which makes it harder to feel confident in what you're doing. You might find yourself **second-guessing your choices** or feeling like you're not good enough, even when you're performing well. This psychological self-doubt is temporary, but it takes real effort to push through it and keep moving forward.
