KEY TRANSIT FACTORS

♂ Mars ∟ Semi sextile ♁ natal NNode ★

These days you feel more **direct and purposeful about pursuing what matters to you**, without the usual second-guessing. *Mars* is giving you a practical push to act on the interests and connections that actually fit who you are. Over the coming weeks, small steps forward in the right direction will feel easier and more natural than they usually do.

♂ Mars * Sextile ♁ natal Chiron ★

Over the coming weeks, you find it easier to **talk directly about past hurts without getting defensive**. You have more patience for difficult conversations and can explain what went wrong without blaming yourself or others. This is a good time to address old wounds with people you care about because your words land differently right now.

♂ Mars △ Trine ♅ natal Uranus ★

Right now you're willing to take risks in practical ways that normally feel too uncomfortable, and it's working out. You act on unconventional ideas quickly without overthinking them, and this **decisive independence** is getting real results. Over the coming weeks, trust that your instinct to break routine and try something different is actually reliable, not reckless.

♂ Mars ☌ Conjunction ♀ natal Venus ★

While this lasts, you feel a **stronger pull toward people and activities that excite you** — you're more direct about what you want and less willing to wait around. Your physical attraction to others sharpens, and you're quicker to pursue relationships or make moves in your social life. Over the coming weeks, watch whether this directness helps you connect or whether you're pushing too hard before you know what you actually want.

♁ Chiron ∟ Semi sextile ♁ natal Chiron

You find yourself more willing to talk about things that normally feel difficult or private, and people respond better than you expected. This period brings a quieter kind of confidence where you stop pretending everything is fine and actually **admit what you struggle with**. Small conversations about real problems start to shift how you feel about yourself and what you thought you had to hide.

♃ Jupiter Rx · ♐ Sagittarius

Beliefs, philosophies, and long-held worldviews are under more rigorous self-examination than usual right now. Optimism that has been unquestioned may suddenly reveal its assumptions. This period is genuinely useful for distinguishing between what you believe and what you actually know.

☉ Sun □ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

♿ Mercury * Sextile ♃ Neptune

These days your mind works better with intuition than usual, and you pick up on what people really mean even when they do not say it directly. **You listen more carefully and remember details others miss**, which helps you understand situations more fully. This is a good time to write, have meaningful conversations, or think through problems in a calm and creative way.

♀ Venus □ Square ♂ Mars

Right now *Venus* and *Mars* are in conflict, and you'll notice people becoming **irritable about their relationships and desires**. You might want something badly but feel frustrated that you can't have it, or clash with someone over what you both actually want from each other. This friction lasts a few days and usually pushes conversations that needed to happen anyway—but expect them to feel sharp and uncomfortable while they do.
