## KEY TRANSIT FACTORS

### ♄ Saturn ☐ Square ☉ natal Sun ★

Right now you feel less confident than usual and more aware of your limits. Your **self-doubt shows up in real ways** — you hesitate before speaking up, you second-guess decisions you would normally make quickly, and you notice people responding to this hesitation by taking the lead instead. This period asks you to do practical work on your confidence, not by ignoring the doubts but by acting despite them.

### ♅ Uranus ♂ Conjunction ☾ natal Moon

You feel restless in your emotional life right now and want to break free from familiar patterns without fully understanding why. Your moods shift more suddenly than usual, and you may **make unexpected changes to your living situation or daily routines** just to feel different. These sudden moves often feel necessary at the time, though you might question them once the impulse passes.

### ♃ Jupiter ☒ Quincunx ♁ natal Chiron

You find yourself **overestimating what you can help others fix**, especially in situations where someone else needs to do their own work. Your confidence in giving advice or support grows, but you often miss the signs that people need to figure things out themselves. Over the coming weeks, you may feel frustrated when your generous efforts don't produce the results you expected.

### ♄ Saturn ♂ Conjunction ♄ natal Saturn

You're experiencing a natural pause to examine what you've built and whether it still fits your life. **You feel more serious about commitments** and less willing to ignore problems you've been avoiding. Over the coming weeks, practical matters demand your attention—projects need finishing, rules need clarifying, and people around you sense you mean business.

### ♇ Pluto ☐ Square ☾ natal Moon

You feel unusually disconnected from people you're close to, as if you cannot quite let them comfort you the way you normally would. Your **emotional walls go up automatically**, and you may withdraw or push away support even when you need it. Over the coming weeks, this psychological distance can strain your relationships unless you notice what is happening and make an effort to stay connected despite the discomfort.

### ☉ Sun ♂ Conjunction ☿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

### ☉ Sun ☐ Square ♃ Jupiter

Right now you're likely **overestimating what you can handle** and taking on more than makes practical sense. *Sun* square *Jupiter* pushes you to act bigger and bolder than your actual circumstances support, which sets you up for overcommitment and disappointment. The friction here teaches you where your real limits are, but only after you've already stretched too far.

### › Moon △ Trine ♂ Mars

Right now you feel like acting on what matters to you instead of overthinking it. **Your emotions and your willingness to do things are working together**, so a project you've been hesitant about suddenly feels doable. These days small tasks get done faster and conversations feel easier because you're not second-guessing yourself.
