KEY TRANSIT FACTORS

♁ Chiron ☌ Semi sextile ♋ natal NNode ★

Over the coming weeks, you find it easier to **spot patterns in your own behaviour** without getting stuck in self-criticism. Small conversations or situations naturally point out where you've been repeating the same mistakes, and you actually listen instead of defending yourself. This practical self-awareness makes it simpler to adjust course in relationships and work without needing to overanalyse everything.

♂ Mars ☌ Conjunction ♄ natal Saturn

While this lasts, you find yourself **willing to push through tasks that normally feel tedious or heavy**. Your patience is higher than usual, and you can sit with difficult work without getting frustrated or giving up halfway through. This is a practical window to tackle projects that require sustained effort and careful attention to detail.

☿ Mercury ☌ Opposition ♇ natal Pluto

Right now you're likely to say things that feel urgent and important but come across as harsh or controlling to others. You may notice yourself pushing conversations toward uncomfortable truths or **interrogating people about their motives** in ways that feel justified to you but leave them feeling attacked. These days, your words have a sharp edge, and backing down or softening what you've said feels impossible until this transit passes.

♅ Uranus ☌ Semi sextile ♃ natal Jupiter

These days you're picking up on new possibilities that others around you haven't noticed yet, and your **natural optimism makes you willing to try them**. A small opportunity in work or learning might appear suddenly, and you'll have the confidence to act on it without overthinking the risks. Over the coming weeks, this forward momentum helps you feel less stuck in old routines and more curious about what comes next.

♇ Pluto ☌ Semi sextile ♋ natal NNode

Over the coming weeks, you find yourself **naturally drawn toward people and situations that feel genuinely right for you**, without needing to overthink the decision. Small obstacles that usually frustrate you seem easier to work around, and you notice you're less defensive when someone challenges your choices. This is a good time to say yes to invitations or opportunities that align with what you actually want, because your instincts are working quietly in your favor.

♂ Mars Rx · ♎ Libra

Asserting your needs in relationships feels harder than usual right now, and unresolved conflicts tend to resurface. Avoiding direct confrontation can build passive tension that eventually requires release. Honest conversations about what is and is not working in close partnerships are more useful now than they feel.

♄ Saturn Rx · ♏ Scorpio

Deep psychological structures — the ways you manage power, control, and shared resources — are under quiet but significant review right now. Commitments made at depth, financial obligations, or emotional contracts with others demand careful attention. Unacknowledged patterns of control or avoidance are being surfaced for honest examination.

☉ Sun ☌ Semi sextile ☿ Mercury

These days you find it easier to **say what you actually think** without overcomplicating things or getting stuck in your own head. Your mind and sense of purpose line up naturally, so explaining yourself to others feels straightforward rather than exhausting. This is a good window for conversations, presentations, or decisions where you need to be both clear and confident about what matters to you.

☉ Sun △ Trine ♄ Saturn

These days you find it easier to follow through on what you say you will do, and people notice your **reliability**. Work feels less overwhelming because you can break tasks into realistic steps instead of getting stuck in your own way. The practical support is there if you use it — the Sun trine Saturn makes real effort pay off in real results.

☾ Moon ♃ Conjunction ♃ Jupiter

Right now you feel more **generous and open to other people** than usual, which makes it easier to connect socially or ask for what you need. Your emotional confidence is higher, so you're more likely to take a chance on something that normally makes you nervous. This mood won't last forever, so use it to have conversations you've been putting off or to try something that requires a bit of courage.
