KEY DATE

☉ Sun enters ♏ Scorpio

The Sun moving into *Scorpio* shifts how you handle **focus and intensity** — you'll notice yourself cutting through small talk and caring less about surface-level opinions at work or in casual settings. In relationships and close partnerships, this period brings a **need for honesty** and deeper conversation, though some people find the directness uncomfortable or feel **pushed to explain themselves** more than usual. Most people report feeling **more determined to finish what they started** and less interested in scattered activity, making this a practical time for tackling difficult projects or decisions you've been putting off.

KEY TRANSIT FACTORS

♁ Chiron * Sextile ☿ natal Mercury

Right now you're finding it easier to talk about things that normally feel awkward or painful, and people respond well to your honesty. Your **ability to explain difficult feelings in clear, straightforward language** is sharper than usual, which helps you connect with others without getting stuck in defensiveness. Over the coming weeks, conversations that might have been tense instead become a chance to actually understand each other better.

♅ Uranus △ Trine ♇ natal Pluto

You find yourself **taking practical action on changes you've wanted to make** without getting stuck in overthinking or self-doubt. This period brings a natural confidence that old patterns no longer serve you, so you move forward with less resistance than usual. Over the coming weeks, you're more likely to follow through on those shifts you've been planning instead of just talking about them.

☉ Sun □ Square ☉ natal Sun

Right now you're running up against your own limits in ways that feel uncomfortable and direct. You may notice yourself **pushing harder on goals that aren't moving**, or running into resistance from people who usually support you. This friction is real, not imaginary—your confidence is lower than usual, and small setbacks land harder, so this is a good time to slow down and reassess rather than force things forward.

♇ Pluto ♂ Conjunction ♁ natal Chiron

You are becoming aware of old hurts or weak points in yourself that you have carried for years without noticing them much. **You feel motivated to examine these painful patterns closely** rather than ignore them as you normally do. This psychological pressure can be uncomfortable right now, but it is showing you exactly where you need to do real work on yourself over the coming weeks.

♄ Saturn * Sextile ♊ natal NNode

You are finding it easier to stick with commitments that actually matter to you right now, whether that's a project, a relationship, or a personal goal. **Your ability to follow through** feels natural instead of forced, and people around you notice you are more reliable than usual. This period gives you real momentum to build something solid that aligns with where you actually want to go.

☉ Sun ♂ Conjunction ☿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

› Moon △ Trine ♀ Venus

These days you find it easier to tell people what you actually feel without worrying they will reject you. Your emotional needs and your desire for connection are **naturally aligned**, so you speak up when something matters instead of staying quiet. This is a good window to have conversations you have been putting off or to spend time with people who make you feel genuinely accepted.

› Moon * Sextile ♃ Jupiter

Right now you find it easier to talk about what you actually need and have people listen without defensiveness. Your **emotional honesty feels safer**, and others respond by being more generous and accepting in return. This creates a practical benefit: conversations that might normally stall or get complicated tend to move forward into real understanding.

LUNAR DAY

Moon in ♌ Leo · Day 23 / 30 · Last Quarter

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
