KEY TRANSIT FACTORS

☿ Mercury ☐ Square ♆ natal Neptune ★

Right now your thinking feels scattered and you struggle to pin down what you actually mean when you try to explain yourself. You say things you don't quite believe, or you get halfway through a sentence and realize you've lost your point completely. These mixed signals in your communication create **misunderstandings with people who matter to you**, and it takes real effort to slow down and say things clearly instead of in the fuzzy way that feels natural to you at the moment.

☉ Sun ☐ Square ♄ Saturn ★

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.

♀ Venus ★ Sextile ♆ natal Neptune

You find it easier to be **gentle and accepting** with people right now, even when they disappoint you. Your *Venus* sextile to your *Neptune* makes you more forgiving and less likely to hold grudges over small slights. This softness in how you treat others tends to make your relationships feel safer and more connected over the coming weeks.

♄ Chiron ☐ Square ☉ natal Sun

Over the coming weeks, you'll feel **self-doubt creeping into situations where you'd normally feel confident**. Small failures or critical feedback will sting more than usual, and you may withdraw from activities where you typically lead. This is *Chiron* square your *Sun* forcing you to notice where your confidence is fragile or built on shaky ground.

☉ Sun ☐ Quincunx ♁ natal NNode

Right now you feel **pulled in two different directions** about what you want to do with your time and energy. Part of you wants to keep doing what's familiar, but another part senses you should be moving toward something new. This awkward feeling usually passes in a couple of weeks, but while it lasts you may second-guess decisions or feel restless about the direction you're heading.

♃ Jupiter ☉ Opposition ☉ natal Sun

Right now you are running into people and situations that directly challenge what you believe about yourself. You feel **pulled in opposite directions** — one part of you wants to expand and take on more, while another part doubts whether you can actually deliver. Over the coming weeks, this friction is likely to expose where you've been overestimating your capabilities or making promises you can't keep.

☿ Mercury Rx • ♋ Cancer

Your thinking turns inward and emotionally colored during this period, making objective analysis harder. Past conversations or unresolved family matters resurface and demand attention. Revisiting emotional decisions is more useful now than making new ones while this lasts.

› Moon ☐ Square ♂ Mars

These days you're more likely to act on frustration before you think it through, and small annoyances can feel urgent and demanding. **Your emotional reactions move faster than your good judgment**, so conversations with others can turn sharp or heated quickly. This period pushes you to notice the gap between what you feel and what actually needs to happen right now.

› Moon ♃ Quincunx ♃ Jupiter

These days your feelings and your practical plans don't quite line up, so you end up second-guessing yourself more than usual. You might feel **restless or dissatisfied** even when things are going reasonably well, because part of you wants something bigger while another part knows the timing isn't right. This mismatch between what you want emotionally and what you can actually do creates an awkward pressure that pushes you to make small adjustments rather than major moves.

LUNAR DAY

Moon in ♋ Pisces · Day 19 / 30 · Waning Gibbous

The boundary between personal and environmental moods blurs during this transit, making it easy to absorb the emotional state of whoever is nearby. Imagination and sensitivity both run higher, while clarity of thought and decision-making run lower for the next 48 hours.
