## KEY TRANSIT FACTORS

### ♀ Venus △ Trine ♂ natal Uranus ★

These days you feel more comfortable being yourself around others and less worried about what people expect from you. You're **more willing to try new things socially** — whether that's suggesting an unusual date idea, joining a group with different interests, or speaking up with an unpopular opinion. This period brings a natural ease to your relationships because you're relaxed enough to let your actual personality show, and that authenticity tends to draw people toward you.

### ♀ Venus ♂ Conjunction ♂ natal Mars ★

You feel more **confident and direct about what you want**, whether in romantic or social situations. These days you're more likely to make the first move, express attraction openly, or simply go after something that interests you instead of waiting. This confidence usually works in your favour, though it can fade quickly once the transit ends.

### ♀ Venus \* Sextile ♁ natal Chiron ★

Right now you find it easier to be kind to yourself about your past mistakes and insecurities. You're more likely to **accept your own flaws without harsh judgment** and actually mean it. This shift makes it simpler to have honest conversations with people you care about, since you're not defending yourself or hiding anymore.

### ♀ Venus ♂ Conjunction ♀ natal Venus

Right now you're more **willing to say yes to social invitations and physical affection**, and people tend to respond warmly to you. You feel genuinely more comfortable in your own skin, so you attract attention without trying hard. Over the coming weeks, this is a natural time to deepen relationships or start something new, because you're showing up as your most relaxed self.

### ♆ Neptune ♂ Conjunction ☾ natal Moon

Your emotional responses feel less clear right now, and you may notice yourself reacting to people based on what you imagine they mean rather than what they actually say. This **blurred emotional perception** can make you more compassionate in the moment, but also more likely to misread situations or take things personally that weren't intended that way. Over the coming weeks, check in with people directly about how they feel instead of guessing.

### ♂ Mars Rx • ♎ Libra

Asserting your needs in relationships feels harder than usual right now, and unresolved conflicts tend to resurface. Avoiding direct confrontation can build passive tension that eventually requires release. Honest conversations about what is and is not working in close partnerships are more useful now than they feel.

### ♃ Jupiter Rx • ♎ Libra

The growth of partnerships and social connections pauses for internal review during this period. Beliefs about fairness, collaboration, and what constitutes a good agreement are being quietly re-examined. Clarifying what you genuinely want from close relationships matters more right now than what seems reasonable on the surface.

### ☉ Sun ♂ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

### › Moon ☐ Square ♃ Jupiter

Your emotions feel bigger than they actually are right now, and you are **overreacting to small disappointments** as if they matter more than they do. *Jupiter* amplifies whatever *Moon* is feeling, so today you might eat too much when you are mildly sad, or spend money you did not plan to spend because you want to feel better. The gap between what you want and what is realistic becomes harder to ignore, and sitting with that gap without doing something about it takes real effort.

### ♿ Mercury \* Sextile ♄ Saturn

Right now your thinking is **practical and direct**, making it easier to solve problems without getting distracted by side issues. You can say what you mean in a way that other people actually listen to, and you're more likely to follow through on commitments instead of leaving things half done. This is a good time to handle detailed work, make plans that actually work, or have conversations where you need to be clear and honest.
