KEY TRANSIT FACTORS

♇ Pluto ☾ Semi sextile ♀ natal Venus

You're noticing that small improvements in your relationships feel easier to make right now, without needing to force big conversations or dramatic changes. **You're more willing to let go of minor irritations** with people you care about, which often surprises them with how much lighter things become. Over the coming weeks, this shift in how you handle connection can quietly strengthen your bonds in practical ways.

♇ Pluto ☿ Quincunx ♁ natal Uranus

You feel pulled between wanting to break free from something and not knowing exactly what to change or how. This inner restlessness can make you **act impulsively on plans that aren't fully thought through**, only to second-guess yourself days later. Over the coming weeks, small adjustments to your routines or relationships will feel more useful than any dramatic moves.

♁ NNode ☐ Square ☿ natal Mercury

Right now you're running into friction between what you want to say and what actually comes out, leaving conversations awkward or misunderstood. **You second-guess yourself constantly**, rewriting messages in your head and struggling to explain your real thoughts clearly to others. Over the coming weeks, this mismatch between your thinking and your ability to communicate will force you to slow down and pay closer attention to how you're actually being heard.

☉ Sun ☐ Square ♁ natal Chiron

These days you're more aware of where you feel inadequate or hurt, and this awareness is uncomfortable rather than helpful. You might find yourself **withdrawing from situations where you feel exposed or judged**, even if no one is actually criticizing you. Over the coming weeks, this self-doubt can make ordinary tasks feel harder than they should be, though it usually passes once the transit moves on.

♇ Pluto ☾ Semi sextile ♂ natal Mars

Over the coming weeks, you'll notice a quiet **steadiness building underneath your actions**, as if you're becoming more deliberate about where you spend your effort. Small projects that felt stuck suddenly move forward because you're not forcing them anymore—you're working with what actually works. This calm persistence is temporary, but while it lasts you can accomplish practical things without the usual friction.

♀ Venus Rx · ♓ Pisces

The boundary between romantic idealization and real connection is particularly thin right now. Old relationships may seem more appealing than they actually were, and new connections made during this period often need reassessment after it ends. Compassion for yourself and others serves better than high expectations right now.

☉ Sun * Sextile ☾ Moon

These days you find it easier to know what you actually want and then act on it without second-guessing yourself. Your **practical needs and your emotional needs are pointing in the same direction**, so decisions feel less confusing. This alignment between the Sun and Moon means you can move forward with both confidence and peace of mind.

☉ Sun ∟ Semi sextile ♿ Mercury

These days you find it easier to **say what you actually think** without overcomplicating things or getting stuck in your own head. Your mind and sense of purpose line up naturally, so explaining yourself to others feels straightforward rather than exhausting. This is a good window for conversations, presentations, or decisions where you need to be both clear and confident about what matters to you.

☉ Sun ☿ Conjunction ♆ Neptune

Right now your sense of what is real gets softer and less clear. You might find yourself **believing things without checking them first** or making decisions based on feelings instead of facts. This is a good time to notice when you are being vague or wishful, and to ask someone you trust whether your view of a situation actually matches what is happening.

LUNAR DAY

Moon in ♊ Gemini · Day 6 / 30 · Waxing Crescent

Social activity picks up for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.

CLOTHING & JEWELRY
