KEY TRANSIT FACTORS

♄ Saturn ☐ Square ☉ natal Sun · peak 31 Jan ★

Right now you feel less confident than usual and more aware of your limits. Your **self-doubt shows up in real ways** — you hesitate before speaking up, you second-guess decisions you would normally make quickly, and you notice people responding to this hesitation by taking the lead instead. This period asks you to do practical work on your confidence, not by ignoring the doubts but by acting despite them.

♄ Chiron ★ Sextile ☉ natal Sun · peak 8 Jan

Right now you are more willing to **talk honestly about your mistakes and learn from them** without getting defensive or ashamed. This period gives you the practical ability to see where you have struggled and turn that into useful knowledge about yourself. Over the coming weeks, people around you will notice you handle feedback better and recover faster from setbacks.

♊ NNode ★ Sextile ♆ natal Neptune · peak 10 Jan

While this lasts, you find it easier to **trust your instincts about people and situations** without needing to overthink everything. Your imagination and practical sense are working together right now, so you can pick up on what others need without them having to spell it out. These small acts of understanding often lead to real connections that feel less forced and more genuine than usual.

♄ Saturn ♋ Opposition ♄ natal Saturn · peak 17 Jan

You're running into **resistance from people in authority or from your own past commitments** right now, and it feels like the ground is shifting under you. What used to work—your routines, your long-term plans, the way you've always managed things—suddenly feels outdated or too restrictive. Over the coming weeks, you'll need to rebuild your approach to discipline and responsibility, which means letting go of some habits that no longer serve you, even though that discomfort is real and legitimate.

♅ Uranus ☐ Square ♃ natal Jupiter · peak 8 Jan

Right now you are restless with your current plans and want to scrap them for something completely different, even when things are working reasonably well. You feel **impatient with limits** and may make sudden decisions about money, education, or travel that you have not fully thought through. Over the coming weeks, impulsive moves could create real practical problems that take time to fix.

♃ Jupiter ♏ Quincunx ♇ natal Pluto · peak 5 Jan

Over the coming weeks, you may feel **restless with situations you thought were settled**, wanting to change things that previously felt stable or important to you. Your confidence in what you control grows, but it doesn't match up neatly with what's actually possible right now, leaving you frustrated. These misalignments between what you want to reorganize and what the real world allows are the main friction you'll notice while *Jupiter* stays at odds with your *Pluto*.

♃ Jupiter ♄ Quincunx ♆ natal Neptune · peak 13 Jan

You're noticing a mismatch between what you want to believe and what the facts actually show you right now. **You're more inclined to overlook practical details** or convince yourself that things will work out without doing the legwork, and reality keeps pushing back. Over the coming weeks, your real challenge is to stay grounded instead of letting optimism override what you can actually see and verify.

♃ Jupiter ♄ Quincunx ♄ natal Saturn · peak 30 Jan

Over the coming weeks, you feel caught between wanting to expand and needing to play it safe. You might say yes to an opportunity at work or in a relationship, then immediately feel anxious about whether you can actually handle it. **This creates a practical tension where you're pulling yourself in opposite directions**, making it hard to commit fully to new plans or let yourself relax into them.

♄ NNode ♂ Conjunction ♅ natal Pluto · peak 31 Jan

You are drawn to situations where you have to confront what you actually want instead of what you think you should want. This period brings moments where your usual ways of handling power and control no longer work, forcing you to make real changes in how you relate to others. Over the coming weeks, you may find yourself saying no to people or situations you would normally tolerate, which feels uncomfortable but also oddly necessary.

♅ Uranus ♂ Conjunction ♄ natal NNode · peak 31 Jan

You're feeling a strong pull to break free from patterns that no longer fit, and you're more willing than usual to take social or practical risks to get there. **You're restless with the familiar** and drawn to people or groups who think differently than your usual circles. These days your instinct is to test new directions, even if they feel uncomfortable, because staying put feels impossible.

♃ Jupiter ✱ Sextile ♀ natal Mercury · peak 1 Jan

Your mind works faster and more clearly right now, making it easier to see solutions you usually miss. You find yourself **explaining things well** and picking up new information quickly, whether at work or in conversations. This is a practical window to tackle writing projects, learning, or any discussion that matters to you.

♆ Neptune ♂ Conjunction ☼ natal Sun · peak 1 Jan

You are less certain about who you are right now, and that shows in how you present yourself to others. Your usual sense of direction feels fuzzy, and you might find yourself **blending in with whatever group you're around rather than standing out**. Over the coming weeks, people may see you as more flexible or dreamy than usual, and you may struggle to remember what you actually want separate from what others want.

♅ Pluto ♄ Quincunx ♃ natal Jupiter · peak 31 Jan

Over the coming weeks, you may notice your usual confidence about future plans starts to feel misaligned with what's actually happening around you. You might push harder for something you believe in, only to realize the timing or approach needs a **complete rethink** rather than small adjustments. This period asks you to let go of one strategy and rebuild it from scratch instead of expanding in the direction you expected.

♄ NNode ♄ Quincunx ♀ natal Mercury · peak 31 Jan

Over the coming weeks, you'll notice your usual way of explaining things doesn't quite land the way it normally does. People seem to need you to say things differently than feels natural to you right now, which can be **awkward and frustrating** in conversations. The mismatch between what you want to communicate and what actually gets understood will push you to find new ways of thinking about how you talk to others.

♅ Pluto ☿ Trine ☾ natal Moon · peak 1 Jan

These days you find it easier to **act on what you actually feel** instead of hiding or dismissing your emotions. People around you notice you seem more direct and honest about what matters to you, and they tend to respond well to this straightforwardness. Over the coming weeks, situations that once felt emotionally stuck start to move forward because you're not holding back anymore.

KEY DATES

Fri, 1 Jan Full Moon in Cancer

♃ Jupiter ✱ Sextile ♀ natal Mercury

♆ Neptune ♂ Conjunction ☉ natal Sun

Sun, 3 Jan ♋ NNNode ✱ Sextile ♄ natal Neptune

Tue, 5 Jan ♀ Venus enters ♒ Aquarius

Venus in *Aquarius* makes people **less interested in traditional relationship rules** and more drawn to friends, group settings, or unconventional arrangements. In practice, you might notice yourself **valuing independence and honesty** over romantic gestures, or finding that casual friendships suddenly feel more appealing than intense one-on-one bonds. At work and in daily life, this transit brings a **cooler, more detached approach** to money and socialising—you'll likely spend less on impulsive buys and prefer people who let you do your own thing.

Thu, 7 Jan ♄ Mercury enters ♑ Capricorn

♄ Chiron enters ♐ Sagittarius

Mercury entering *Capricorn* shifts how you talk and think toward **practical results** — you'll notice yourself cutting out small talk and focusing on what actually matters at work or in conversations. People around you tend to **respect the directness** more during this time, even if your words feel plainer than usual, because *Capricorn* makes communication **efficient and honest**. At work especially, **planning and problem-solving** feel sharper; *Mercury* here rewards you for thinking several steps ahead instead of reacting on the spot.

Mon, 18 Jan New Moon in Capricorn

♅ Uranus ☐ Square ♃ natal Jupiter

♄ Chiron ✱ Sextile ☉ natal Sun

Thu, 21 Jan ☉ Sun enters ♒ Aquarius

Sun in *Aquarius* brings a **shift toward independence** and a stronger need to do things your own way instead of following the usual pattern. At work and in conversations, you'll **notice people speak up more** about ideas that feel different or go against what everyone expects. In relationships and friendships, **distance often increases** slightly as people pull back to focus on their own projects and interests rather than staying close to the group.

Tue, 26 Jan ♄ Mercury enters ♒ Aquarius

♂ Mars enters ♏ Scorpio

Mercury in *Aquarius* brings **clearer, more direct communication** — people tend to say what they actually think instead of softening their words, which works well in meetings but can feel blunt in casual conversations. At work and in friendships, you'll notice **more focus on logic and ideas** rather than emotions, making this a good time for problem-solving but a trickier period if someone needs emotional support. *Aquarius* also pushes thinking toward the **bigger picture**, so conversations shift from daily complaints to plans, systems, and what-if scenarios that feel more interesting but less immediately practical.

Fri, 29 Jan ♀ Venus enters ♋ Pisces

Venus in *Pisces* makes people **softer and more forgiving** in how they treat others, so you might find yourself saying yes to requests you'd normally turn down or letting old arguments go without needing to rehash them. In relationships and work, this transit brings **less direct communication** — people get quieter, drop hints instead of asking straight out, and assume others understand what they want without saying it. *Venus* here also pulls attention toward **feeling appreciated through small gestures** like a text check-in or someone remembering how you take your coffee, rather than big declarations or expensive gifts.
