## KEY TRANSIT FACTORS

### ♇ Pluto ☐ Square ♀ natal Venus · peak 23 May

Your relationships feel strained right now as you become more critical of your partner or people close to you. You may notice yourself **withdrawing affection or testing whether people really care**, which often pushes them away further. Over the coming weeks, this pattern will force you to look honestly at what you actually want from your connections instead of settling for surface comfort.

### ♃ Jupiter ☿ Quincunx ♊ natal NNode · peak 13 May

Over the coming weeks, you feel pulled toward new opportunities that don't quite fit your usual pattern, and this creates a practical tension you have to work through. You might say yes to something professionally or socially that requires you to **adapt your approach or learn something new**, even though it feels awkward at first. The mismatch between what you want to try and what comes naturally to you forces you to make a real choice about whether growth is worth the temporary discomfort.

### ♄ Saturn ☿ Quincunx ♄ natal Chiron · peak 17 May

Over the coming weeks, you may notice that **old wounds or insecurities surface when you face practical limits**—especially around work, deadlines, or things you cannot control. This happens because *Saturn* is making you take a hard look at what you've been managing poorly or avoiding, and it feels uncomfortable. The shift you need is to stop protecting yourself and instead be honest about where you actually need help or training.

### ♃ Jupiter ☉ Opposition ♄ natal Chiron · peak 26 May

Over the coming weeks, you are likely to **overestimate your ability to fix old wounds or help others with their pain**, which can leave you feeling deflated when reality doesn't match your optimism. *Jupiter* is pushing you to expand and take charge in areas where *Chiron* reminds you of your actual limits and vulnerabilities. The mismatch between what you think you should be able to do and what you can actually manage may create frustration or self-doubt during this period.

### ♄ Saturn ☐ Square ♀ natal Venus · peak 26 May

Right now you feel **withdrawn and critical** about your relationships, noticing flaws that bother you more than usual. People may seem demanding or disappointing, and you're less interested in socializing or physical affection during this period. This temporary hardness comes from *Saturn* pressing on your *Venus*, making emotional closeness feel like work rather than pleasure.

### ♄ Saturn ∠ Semi sextile ♅ natal Uranus · peak 20 May

These days you find it easier to act on your unconventional ideas without feeling rushed or reckless about them. Your **natural caution helps you test new approaches before committing fully**, which means your experiments with different ways of doing things actually stick around. Over the coming weeks, this steadier pace lets you build something real from the innovations you've been wanting to try.

#### ♃ Jupiter \* Sextile ♃ natal Jupiter · peak 3 May

Right now you're feeling **naturally confident about your abilities**, and opportunities seem to come your way with less effort than usual. You're more likely to say yes to things, take on new projects, or expand something that's already working in your life. Over the coming weeks, this optimism tends to be grounded enough that your decisions pay off rather than lead you astray.

#### ♃ Jupiter ☌ Conjunction ♅ natal Uranus · peak 28 May

Right now you feel **restless with your usual routines** and want to try new approaches to familiar problems. You might suddenly decide to change how you work, spend money, or organize your day just because the old way feels boring. This period pushes you toward practical experiments rather than staying comfortable with what you know.

#### ♃ Jupiter △ Trine ♂ natal Mars · peak 28 May

Right now you feel **more capable and willing to take action** on things you have been putting off. Your confidence in your own abilities is higher than usual, and you find yourself moving forward without the self-doubt that normally holds you back. Over the coming weeks, this is a good window to start a physical project, sign up for something challenging, or push for what you actually want instead of settling.

#### ♄ Saturn □ Square ♂ natal Mars · peak 20 May

Right now you're running into delays and resistance whenever you try to push forward on anything. Your usual speed and confidence feel blocked, and you may notice **frustration building because things take twice as long as you expect**. This period is teaching you that forcing your way through doesn't work, though that lesson feels uncomfortable while you're living it.

#### ♃ Jupiter △ Trine ♀ natal Venus · peak 31 May

Right now you're naturally more **generous and open-handed** with people around you, and they notice. You find it easier to say yes to invitations, spend money on things that bring you joy, and let others see you enjoying yourself without guilt. This practical shift in how you move through social situations tends to bring more warmth back to you from the people in your life over these coming weeks.

#### ♆ Neptune □ Square ♃ natal Jupiter · peak 13 May

Right now you are **overestimating what you can achieve** and making commitments based on wishful thinking instead of realistic assessment. Your usual confidence in your plans is being clouded by *Neptune*, so promises you make or goals you set are likely to fall apart once you try to execute them. Over the coming weeks, expect practical disappointment and the need to scale back or rebuild what you've rashly agreed to.

#### ♄ Saturn △ Trine ♁ natal NNode · peak 1 May

Over the coming weeks, you find it easier to **follow through on decisions that matter to you** without second-guessing or getting distracted. *Saturn* trine your *North Node* gives you a practical calm that lets you build on what you've already started, one step at a time. People around you notice you're more reliable right now, and that steadiness actually opens doors instead of closing them.

#### ♇ Pluto ☌ Quincunx ♅ natal Uranus · peak 31 May

You feel pulled between wanting to break free from something and not knowing exactly what to change or how. This inner restlessness can make you **act impulsively on plans that aren't fully thought through**, only to second-guess yourself days later. Over the coming weeks, small adjustments to your routines or relationships will feel more useful than any dramatic moves.

#### ♄ Chiron □ Square ♁ natal Moon · peak 31 May

Right now you're more aware of emotional wounds you usually ignore, and that awareness feels uncomfortable rather than helpful. You might find yourself **withdrawing from people or snapping at them unexpectedly** because your usual emotional coping methods aren't working. Over the coming weeks, this friction is pushing you to look at how you actually handle upset instead of just moving past it.

#### PROGRESSED MOON

---

○ Progressed Moon in ♄ Capricorn 26.5° H1

○ Progressed Moon □ Square ♄ natal Saturn

#### LUNATIONS

---

● New Moon · Sunday, 12 May

in ♉ Taurus

material foundations, slow build, stability

in H4 — Home & Family

A fresh chapter is beginning in your domestic life and inner world. Whether that means **a change of home, a shift in family dynamics**, or a renewed commitment to building emotional security, this lunation asks you to look at your roots. What you choose to build or let go of in your home environment now will shape your sense of belonging for months to come. Private matters deserve deliberate attention.

---

○ Full Moon · Sunday, 26 May

in ♐ Sagittarius

beliefs tested, freedom vs commitment, peak optimism

in H11 — Community & Goals

A friendship, group affiliation, or long-held hope is reaching its culmination. Something that began as a shared goal or community connection is now **showing its true shape** — whether that means a meaningful bond being cemented or a misalignment in values becoming clear. This full moon often brings a resolution around social belonging: who your people actually are, which dreams remain worth pursuing, and which ones need to be updated based on who you've become.

#### KEY DATES

---

**Wed, 1 May** ♄ Saturn △ Trine ♃ natal NNode

**Fri, 3 May** ♃ Jupiter \* Sextile ♃ natal Jupiter

**Sun, 12 May** New Moon in Taurus

♇ Pluto □ Square ♀ natal Venus

**Mon, 13 May** ♆ Neptune □ Square ♃ natal Jupiter

**Tue, 14 May** ♆ Neptune stations Retrograde

*Neptune* stationing retrograde marks the point where **clarity takes a step back** in the areas it governs — dreams, beliefs, creativity, and what you're willing to believe about yourself or others. During this period, people often notice **confusion returning to situations** they thought were settled, delays in creative projects, or the need to rethink agreements that felt unclear to begin with. *Neptune* retrograde typically brings **reality checks** that strip away wishful thinking, so you may spot where you've been fooling yourself or where someone else's promises don't actually add up.

**Thu, 16 May** ☿ Mercury stations Retrograde

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.

**Sat, 18 May** ♁ Lilith enters ♈ Aries

*Lilith* in *Aries* pushes people to **speak up and set boundaries** without waiting for permission or worrying about others' approval. At work and in relationships, you'll notice a **sharper willingness to disagree**, defend your own needs, and walk away from situations that feel controlling or unfair. This transit typically brings **impatience with people-pleasing** — expect less tolerance for being told what to do, and more direct conflict when someone tries to override your choices.

**Mon, 20 May** ♄ Saturn □ Square ♂ natal Mars

♆ Neptune □ Square ♃ natal Jupiter

**Tue, 21 May** ☉ Sun enters ♊ Gemini

♀ Venus enters ♋ Cancer

*Sun* in *Gemini* brings a **shift toward curiosity and talking things through** — you'll notice people asking more questions, starting conversations they'd normally skip, and wanting to understand how things work. At work and in relationships, **communication becomes easier and faster**, though the downside is that people scatter their attention across more projects and topics than they can actually finish. **Short trips, emails, and quick decision-making** pick up noticeably during this month, so if you've been putting off organizing your schedule or catching up with contacts, this is when that restless energy makes it feel natural.

**Thu, 23 May** ♇ Pluto □ Square ♀ natal Venus

**Sun, 26 May** Full Moon in Sagittarius

♃ Jupiter ♂ Opposition ♄ natal Chiron

♄ Saturn □ Square ♀ natal Venus

**Tue, 28 May** ♂ Mars enters ♋ Cancer

♃ Jupiter ♂ Conjunction ♅ natal Uranus

*Mars in Cancer* shifts how people push forward — instead of charging ahead, they move with **more caution and emotion**, checking in with themselves and others before acting. At work and in relationships, you'll notice people becoming **protective of what matters**, defending ideas or loved ones rather than starting new fights, and taking longer to make decisions because feelings are wrapped up in every choice. This transit typically brings **slower progress but steadier effort**, since *Mars in Cancer* keeps going even when tired, fuelled by loyalty and what feels personal rather than pure ambition.
