KEY TRANSIT FACTORS

♄ Saturn ☌ Quincunx ♀ natal Venus · peak 20 Feb

Over the coming weeks, you may feel **awkward or hesitant in relationships** even though you want to be close to someone. Small gestures of affection or attempts to connect might feel clumsy or poorly timed, leaving you wondering if you are doing things right. This is temporary friction between what you want emotionally and what feels practical or safe right now.

♄ Chiron ☌ Semi sextile ☉ natal Sun · peak 10 Feb

These days you notice you can **talk about your own difficulties without shame**, which makes people trust you more easily. Your willingness to be honest about what you have struggled with gives others permission to do the same, and conversations become more real. This openness creates small moments of connection that feel genuinely supportive on both sides.

♁ NNode ☌ Semi sextile ☉ natal Sun · peak 11 Feb

These days you find it easier to say yes to opportunities that align with what matters to you, without overthinking or second-guessing yourself. People respond well to your **straightforward confidence**, and small doors open because you are simply more willing to walk through them. Over the coming weeks, you may notice that the choices you make feel less exhausting because you are following your own direction instead of trying to fit someone else's plan.

♃ Jupiter ☌ Conjunction ☾ natal Moon · peak 26 Feb

You feel more **comfortable asking for what you need** from people around you right now. Your emotional confidence is higher than usual, which makes it easier to speak up in conversations and express your opinions. Over the coming weeks, you'll likely notice others responding better to you because you're clearer about your feelings and less defensive than normal.

♇ Pluto ☌ Square ☾ natal Moon · peak 28 Feb

You feel unusually disconnected from people you're close to, as if you cannot quite let them comfort you the way you normally would. Your **emotional walls go up automatically**, and you may withdraw or push away support even when you need it. Over the coming weeks, this psychological distance can strain your relationships unless you notice what is happening and make an effort to stay connected despite the discomfort.

♄ Saturn ☌ Square ♅ natal Uranus · peak 28 Feb

Right now you feel trapped between what you want to do and what you have to do, and the frustration builds quickly. You become **irritable when anyone or anything blocks your independence**, and you may act out impulsively just to prove you're in control. Over the coming weeks, real responsibilities will keep colliding with your need for freedom, forcing you to make hard choices about what actually matters.

♄ Saturn ☌ Quincunx ♂ natal Mars · peak 28 Feb

These days you feel a disconnect between what you want to do and what you think you should do, and this creates practical friction in your daily routines. You might start a task with energy but then second-guess yourself or hit unexpected obstacles that force you to slow down and reconsider. This awkward mismatch between your impulses and real-world constraints is temporary, but right now it's teaching you where your approach needs **more realistic planning** instead of just pushing forward.

♆ Neptune △ Trine ♄ natal Saturn · peak 1 Feb

Right now you find it easier to stick with practical plans without getting frustrated by delays or setbacks. **You stay calm under pressure** and actually follow through on responsibilities that usually feel like a burden. This period gives you a real chance to build something solid, whether that's finishing a project, organizing your life, or keeping commitments you normally struggle to maintain.

♅ Uranus * Sextile ☉ natal Sun · peak 28 Feb

Right now you feel more willing to try new approaches and less attached to how things have always been done. You might surprise yourself by saying yes to an opportunity that normally wouldn't interest you, or by making a small change to your routine that actually works better. This is *Uranus* sextile your *Sun* at work—your natural **openness to fresh ideas** is flowing easily, without pushing you into anything uncomfortable or reckless.

♄ Saturn □ Square ♁ natal Chiron · peak 28 Feb

Right now you are **more aware of your own limitations and past hurts**, which makes it harder to brush them off or move past them quickly. You may feel blocked when trying to help others or do work that normally feels meaningful, because old doubts about your capability are surfacing. Over the coming weeks, facing these uncomfortable feelings directly, rather than avoiding them, is what will actually move you forward.

♅ Uranus ☌ Quincunx ♄ natal Saturn · peak 1 Feb

Your usual routines and rules suddenly feel awkward or out of sync with what you actually want to do right now. You find yourself **restless with structure** but not quite ready to abandon it, creating a frustrating gap between your need for stability and your urge to break free. Over the coming weeks, small adjustments to how you work or organize your time will feel more useful than making big changes all at once.

♆ Neptune ∟ Semi sextile ☉ natal Sun · peak 28 Feb

Right now you're picking up on subtle signals from people around you that you usually miss, and this makes your conversations feel more genuine. You're less interested in surface-level small talk and more drawn to **deeper listening**, which helps others open up to you naturally. Over the coming weeks, this softer attention to what's unspoken can actually improve your relationships and help you spot opportunities that depend on reading between the lines.

♃ Jupiter * Sextile ☉ natal Sun · peak 1 Feb

These days you feel more **confident in yourself** and people around you seem to notice it too. You're more willing to take on new projects or speak up in situations where you'd normally hold back, and things tend to work out better than expected. This period is ideal for asking for what you want—whether that's at work, in relationships, or for a personal goal—because you're coming across as genuinely assured rather than pushy.

♁ NNode * Sextile ♄ natal Saturn · peak 28 Feb

You find it easier right now to **follow through on commitments without getting sidetracked**, whether at work or in your personal projects. The practical support from *Saturn* meeting the direction of the *North Node* means you can actually stick to a plan instead of abandoning it halfway. Over the coming weeks, this steadiness helps you build real credibility with people who matter to you.

♁ Chiron △ Trine ♄ natal Saturn · peak 1 Feb

You are finding it easier to accept your own limitations without feeling like you have failed. **You take a practical approach to your weaknesses** and see them as useful information rather than proof of inadequacy. Over the coming weeks, this shift in perspective makes it simpler to plan realistic goals and stick to them without the usual self-criticism getting in your way.

♄ Saturn Rx · ♎ Libra

Commitments, contracts, and relationship structures are being reviewed for their genuine fairness and sustainability. Long-standing agreements that have been tolerated rather than honored may surface for honest reassessment. This period asks you to hold yourself to the same standards you expect from others.

LUNATIONS

● New Moon · Thursday, 3 Feb

in ♒ Aquarius

innovation, social ideals, future direction

in H1 — Self & Identity

A new cycle is opening around your sense of self and how you present to the world. This is the right moment to redefine how you want to be seen and to take deliberate steps toward a fresh start in your personal goals. **Physical changes, new habits, and shifts in your self-image** are all supported now. What you begin under this lunation has a direct impact on your confidence and direction for the next six months.

○ Full Moon · Friday, 18 Feb

in ♍ Virgo

work results, health review, critical peak

in H8 — Transformation

A deep transformation is reaching its peak. Something involving **joint finances, emotional power dynamics, or a significant inner change** is being exposed to full light. Secrets, buried feelings, or unresolved matters around shared resources may surface now with unusual intensity. This full moon asks you to **face something that has been avoided** — in money, intimacy, or your relationship with loss and change. What is released here genuinely frees you.

KEY DATES

Tue, 1 Feb ♃ Neptune △ Trine ♄ natal Saturn

Thu, 3 Feb New Moon in Aquarius

Fri, 4 Feb ♀ Mercury enters ♒ Aquarius

♀ Venus enters ♑ Capricorn

Mercury in *Aquarius* brings **clearer, more direct communication** — people tend to say what they actually think instead of softening their words, which works well in meetings but can feel blunt in casual conversations. At work and in friendships, you'll notice **more focus on logic and ideas** rather than emotions, making this a good time for problem-solving but a trickier period if someone needs emotional support. *Aquarius* also pushes thinking toward the **bigger picture**, so conversations shift from daily complaints to plans, systems, and what-if scenarios that feel more interesting but less immediately practical.

Wed, 9 Feb ♄ Chiron enters ♓ Pisces

Chiron in *Pisces* brings **confusion about boundaries** into focus — you notice yourself taking on other people's problems or feeling drained after conversations, and healing starts when you recognize where your feelings end and theirs begin. At work and in relationships, the pattern is **getting tangled up in situations** that aren't yours to fix, which makes people more willing to set actual limits and ask for help instead of managing everything alone. This transit tends to highlight **old shame or disappointment** that surfaces when you're tired or around certain people, giving you a chance to address those wounds rather than just pushing through them.

Mon, 14 Feb ♋ NNode enters ♐ Sagittarius

North Node in *Sagittarius* pushes people toward **learning new skills** and **taking bigger risks** in their work and travel plans, even when it feels uncomfortable or unfamiliar. In relationships and conversations, you'll notice a stronger pull to **speak honestly** and **ask the difficult questions** instead of staying quiet or playing it safe. Over the next 18 months, the pattern becomes clear: **exploring** — whether through reading, travel, new jobs, or direct feedback from others — brings more real progress than sticking with what already feels known.

Fri, 18 Feb Full Moon in Virgo

Sat, 19 Feb ☉ Sun enters ♓ Pisces

The Sun moving into *Pisces* shifts attention toward **listening and flexibility** for the next month, making people naturally more **willing to adjust plans** instead of pushing forward rigidly. At work and in relationships, you'll notice others become **harder to pin down** — deadlines slip, people change their minds, and vague agreements replace firm commitments, which requires patience rather than frustration. *Pisces* season softens the usual drive to compete or win, so **collaboration and going with the flow** tend to work better than direct pressure during this time.

Sun, 20 Feb ♅ Pluto □ Square ♄ natal Moon

♄ Saturn □ Square ♃ natal Uranus

Tue, 22 Feb ♀ Mercury enters ♓ Pisces

Mercury in *Pisces* makes your thinking **slower and less direct** — you'll notice yourself taking longer to find the right words, or changing your mind mid-conversation. In work and daily tasks, this transit rewards **intuition and pattern-spotting** over step-by-step logic, so you might solve problems by sensing what feels right rather than working through details. Relationships often improve because you're more **willing to listen without interrupting** and pick up on what people aren't saying aloud, though you may struggle to explain your own point clearly.

Wed, 23 Feb ♂ Mars enters ♓ Pisces

Mars in *Pisces* tends to **blur your usual drive**, making you less direct about what you want and more likely to drop hints instead of stating things plainly. At work or in relationships, people often notice they're **slower to push back** on things that bother them, or they take longer to make decisions because competing feelings keep shifting their mind. The pattern is that **physical energy dips** — you might feel less urgent about exercise or tasks, preferring to move at an easier pace until something emotional finally lights a fire under you.
