KEY TRANSIT FACTORS

♁ NNode ☐ Square ♃ natal Jupiter · peak 1 Dec ★

Right now you are **overcommitting to things that seem important but don't actually fit your life**. You feel pulled toward opportunities, promises, and plans that look good on paper but create practical conflicts when you try to follow through. Over the coming weeks, you will hit real consequences from saying yes too much, and you'll have to make uncomfortable choices about what actually matters.

♅ Uranus △ Trine ♀ natal Venus · peak 31 Dec ★

Over the coming weeks you are more willing to do things differently in your relationships and social life, and people respond well to this openness. You feel less concerned about what others think, which makes you **more authentic and relaxed** around people you care about. This natural ease draws others toward you and creates space for real connection instead of performing what you think you should be.

♅ Uranus △ Trine ♂ natal Mars · peak 31 Dec ★

These days you feel **willing to try things in new ways** without the usual hesitation that normally holds you back. Your practical actions become more flexible, and you find yourself breaking your own rules in ways that actually work out well. Over the coming weeks this confidence gives you the freedom to pursue goals that once seemed too risky or unconventional.

♅ Uranus ☉ Opposition ♄ natal Chiron · peak 31 Dec ★

Right now you are **unusually defensive about your weaknesses** and less willing to accept practical help from others. You may find yourself resisting advice or support that would normally feel useful to you, creating unnecessary friction in relationships where people are trying to assist. This defensiveness can push away the exact people who understand your limitations and could actually make things easier during these coming weeks.

♆ Neptune ☐ Square ☿ natal Mercury · peak 31 Dec ★

Your thinking feels foggy right now, and you struggle to organize your thoughts into clear sentences or plans. You may say things you don't fully mean, misunderstand what others are telling you, or find yourself **second-guessing decisions** you would normally make quickly. Over the coming weeks, you will need to double-check important information and avoid signing contracts or making commitments until this confusion lifts.

♄ Chiron ☐ Square ♂ natal Mars · peak 13 Dec

Right now you're running into situations where your usual way of pushing forward feels blocked or clumsy, and you're **second-guessing your own strength**. You might notice old injuries or physical vulnerabilities flaring up, or you feel awkward and uncertain when you'd normally act with confidence. Over the coming weeks, this friction between doubt and action can actually show you where you're forcing things instead of thinking them through first.

♄ Chiron qx Quincunx ♄ natal Chiron · peak 19 Dec

Over the coming weeks, you might notice old hurts or tender spots suddenly feel awkward or misaligned in new situations. You're **reassessing how you've handled past pain**, and what worked before may not fit anymore. This mismatch can feel uncomfortable, but it's actually showing you where your coping strategies need to shift.

♄ Chiron ∟ Semi sextile ♅ natal Uranus · peak 12 Dec

These days you're finding it easier to **spot practical ways to fix things that have frustrated you for a while**. Your usual habits and routines suddenly feel less locked in, and you notice small adjustments can make a real difference in how you move through your day. Over the coming weeks, this period supports you in trying new approaches without the usual anxiety about whether you're doing it right.

♃ Jupiter * Sextile ♇ natal Pluto · peak 2 Dec

You are noticing that **you can actually follow through on changes you've been wanting to make**, whether at work or in your personal life, because your motivation to act is both strong and steady right now. *Jupiter* sextile your natal *Pluto* means you have real leverage to transform something practical — you see what needs to happen and you have the confidence to do it without second-guessing yourself. Over the coming weeks, people around you may pick up on this shift and start treating you differently, which can open doors you didn't expect.

♃ Jupiter ☿ Quincunx ☿ natal Mercury · peak 11 Dec

Right now your thinking feels scattered when you try to tackle detailed work or organize your thoughts. You may notice yourself making careless mistakes in writing or communication because your **attention keeps jumping between ideas** instead of staying focused. Over the coming weeks, double-checking your work and writing things down before speaking will help you actually complete what you start.

♄ Chiron □ Square ♀ natal Venus · peak 1 Dec

You may feel rejected or inadequate in your relationships right now, picking up on small slights and interpreting them as proof that you're not lovable. Your usual warmth and charm feel blocked, making it harder to ask for what you want or to enjoy physical affection without second-guessing yourself. Over the coming weeks, this discomfort pushes you to stop abandoning your own needs in order to keep people happy.

♄ Saturn ♂ Conjunction ♁ natal Lilith · peak 13 Dec

While this lasts, you become much more aware of the rules you've been breaking or ignoring, and you feel pressure to either follow them or admit you won't. You experience **reluctance to pretend anymore**—social expectations that never bothered you before suddenly feel heavy and false. Over the coming weeks, you'll likely make a choice about which boundaries you actually respect and which ones you're ready to stop hiding behind.

♆ Neptune ♀ Opposition ♆ natal Neptune · peak 31 Dec

Right now you are more **prone to self-deception** and harder on yourself than usual, making it difficult to see situations clearly. You may find yourself doubting your own judgment or feeling confused about what you actually want, which can lead to poor practical decisions. Over the coming weeks, this confusion will likely force you to question assumptions you have held for a long time and rebuild your sense of what is real.

♃ Jupiter △ Trine ♆ natal Neptune · peak 1 Dec

Over the coming weeks, you find it easier to **believe in your own ideas** without needing constant proof or reassurance. Your imagination feels more practical right now, and you can turn vague daydreams into actual plans that other people take seriously. This is a good time to pitch something creative or intuitive that you've been sitting on, because people around you are more receptive to what you're offering.

♆ Neptune △ Trine ♇ natal Pluto · peak 31 Dec

You're finding it easier to let go of situations that no longer serve you without drama or resistance right now. Your practical instincts are sharper about which changes are worth making and which problems will solve themselves if you stop pushing. *Neptune* trine *Pluto* gives you a **calm acceptance of transformation** that makes difficult decisions feel less like crises and more like natural course corrections.

♃ Jupiter Rx · ♊ Gemini

Learning and intellectual expansion turn inward during this period — ideas that felt promising when conceived now require honest evaluation. Information gathered quickly may benefit from slower, deeper processing. Connecting existing knowledge serves you better right now than gathering new material.

LUNATIONS

○ Full Moon · Wednesday, 3 Dec

in ♊ Gemini

information peak, scattered focus, mental overload

in H5 — Creativity & Romance

A creative work, romantic situation, or matter involving children is reaching its peak. What began months ago in your love life or creative endeavors is now **ready for a culmination** — a relationship becoming more defined, a project completing, or a moment of genuine joy or heartbreak making itself felt. The full moon here amplifies feelings of passion and desire. Be honest about what and who actually brings you happiness, rather than what you think should.

● New Moon · Thursday, 18 Dec

in ♐ Sagittarius

new beliefs, expansion, broader horizons

in H12 — Inner Life & Solitude

A new cycle is beginning in the hidden, private areas of your life. This lunation brings **inner work, spiritual renewal, and a clearing of old burdens** to the foreground. What you choose to let go of, process, or release over the coming weeks will free up significant inner resources. Solitude, contemplation, and honest self-examination are more productive than external activity right now. Trust what surfaces from beneath the surface — it's asking to be acknowledged.

KEY DATES

Mon, 1 Dec ☿ Mercury enters ♑ Capricorn

♄ Chiron □ Square ♀ natal Venus

♁ NNode □ Square ♃ natal Jupiter

Mercury entering *Capricorn* shifts how you talk and think toward **practical results** — you'll notice yourself cutting out small talk and focusing on what actually matters at work or in conversations. People around you tend to **respect the directness** more during this time, even if your words feel plainer than usual, because *Capricorn* makes communication **efficient and honest**. At work especially, **planning and problem-solving** feel sharper; *Mercury* here rewards you for thinking several steps ahead instead of reacting on the spot.

Tue, 2 Dec ♃ Jupiter * Sextile ♇ natal Pluto

Wed, 3 Dec Full Moon in Gemini

Mon, 8 Dec ♁ NNode □ Square ♃ natal Jupiter

Sat, 13 Dec ♄ Saturn stations Retrograde

♄ Chiron □ Square ♂ natal Mars

♄ Saturn ♂ Conjunction ♆ natal Lilith

Saturn stationing retrograde means **delays and reviews become the pattern** for the next few months in work, responsibilities, and long-term plans. When this planet appears to move backward, people commonly experience **slowdowns in projects, contracts, or official processes** — deadlines shift, approvals take longer, and progress feels stuck even when you're putting in effort. The practical shift is to **focus on fixing past mistakes** and tightening up weak spots in your systems rather than pushing hard for new starts during this time.

Mon, 15 Dec ☿ Mercury stations Retrograde

♀ Venus enters ♐ Sagittarius

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.

Thu, 18 Dec New Moon in Sagittarius

Sun, 21 Dec ☼ Sun enters ♑ Capricorn

♂ Mars enters ♐ Sagittarius

♆ Neptune ♂ Opposition ♆ natal Neptune

The Sun moving into *Capricorn* shifts focus toward **getting results** and **building something real** — you'll notice people around you tightening routines, setting deadlines, and cutting away what doesn't work. At work and in projects, there's a **push for efficiency** over comfort, so meetings get shorter, decisions happen faster, and people care less about feelings and more about the bottom line. In relationships and friendships, expect **less small talk** and more honest conversations about what actually matters — this is when people check in on whether things are moving forward or just stalling.

Mon, 22 Dec ♄ Saturn ♂ Conjunction ♆ natal Lilith

♄ Chiron □ Square ♂ natal Mars

Sat, 27 Dec ☿ Mercury enters ♐ Sagittarius

Mercury in *Sagittarius* brings **direct, blunt communication** — people say what they think without much filtering, which

can clear the air or create awkward moments depending on who's listening. At work and in conversations, you'll notice **big-picture talk** taking over, with less patience for small details or nitpicking, so getting agreements in writing becomes more important. *Sagittarius* also pushes curiosity and debate, so **arguments stay friendly** longer than usual, even when people disagree strongly.
