## KEY TRANSIT FACTORS

### ♂ Mars ☿ Conjunction ♋ natal NNode

You are feeling **more willing to take action on things you normally hesitate about**, and this confidence is pulling you toward people and situations that match where you want to develop. Over the coming weeks, you may notice you're speaking up in meetings, starting conversations with new people, or pursuing opportunities you would usually pass on. This directness can open doors, but it can also create friction if you push too hard without checking whether others are actually ready to move at your pace.

### ♅ Uranus ☐ Opposition ♀ natal Venus

Right now you feel **restless in your closest relationships** and may push away people you normally rely on. You want more freedom or something completely different from what your partner or friends expect, and this clash makes everything feel tense. Over the coming weeks, familiar patterns in how you connect with others will feel uncomfortable, and you might make sudden changes you later question.

### ☾ Moon ☐ Square ♀ natal Venus

Right now you feel emotionally out of step with the people closest to you, making it hard to enjoy their company or feel appreciated by them. You may pick fights over small things or withdraw when you normally would reach out, leaving relationships feeling **strained and disconnected**. These days your mood swings can make you seem ungrateful or cold, even when that is not what you intend.

### ♂ Mars \* Sextile ♀ natal Mercury

Your thinking becomes **sharper and more direct** right now, and you find it easier to say what you actually mean without getting stuck in hesitation. You handle practical problems faster because your mind and your drive are working together instead of pulling in different directions. These days you're more likely to speak up in conversations, write that email you've been avoiding, or tackle a task that requires both quick thinking and real action.

### ♀ Venus ∟ Semi sextile ☉ natal Sun

These days you feel **more comfortable being yourself around others**, and people respond well to that ease. You're not trying as hard to impress anyone, which actually makes your conversations flow better and your relationships feel less strained. This small shift in *Venus* supporting your *Sun* won't solve everything, but it gives you a genuine advantage in how you present yourself while it lasts.

### ☉ Sun ∟ Semi sextile ☾ Moon

These days you find it easier to **act on what you actually feel** instead of second-guessing yourself. Your emotional reactions and your practical choices line up more naturally, so you waste less energy fighting your own instincts. This makes conversations smoother and decisions quicker because you're not pulling yourself in opposite directions.

### ☉ Sun △ Trine ♂ Mars

Right now you feel **capable and ready to act** on things you've been thinking about. You have the psychological boost to start projects or push through obstacles without burning out or getting frustrated. This period makes practical effort feel natural instead of forced.

### ☉ Sun △ Trine ♁ Uranus

Right now you feel comfortable taking risks that normally make you anxious, and **you speak up about ideas you'd usually keep quiet**. Other people seem more receptive to what you have to say, and conversations naturally veer toward what could happen instead of what has always happened. This is a good time to propose changes at work, try something new socially, or make a practical decision you've been putting off.

### LUNAR DAY

Moon in ♉ Taurus · Day 27 / 30 · Waning Crescent

**The pace slows considerably** during this transit as comfort and familiar surroundings take priority over efficiency. Resistance to change hardens, and any disruption to routine tends to provoke stubborn pushback.

### CLOTHING & JEWELRY
