KEY DATE

☿ Mercury enters ♋ Cancer

Mercury entering *Cancer* makes people **slower to speak** and more careful about what they say, especially when emotions are involved. In conversations at work or home, you'll notice folks **asking more questions** before jumping to conclusions, and they tend to remember details from past talks that seemed unimportant before. **Written communication** becomes warmer but wordier during this time, so emails and texts often include more personal touches or take longer to compose.

KEY TRANSIT FACTORS

♀ Venus ☐ Square ☉ natal Sun

Right now you feel **less attractive and less sure of yourself** than usual, which makes social situations feel awkward instead of enjoyable. You may notice that people are not responding to you the way they normally do, or that you are picking fights over small things in your close relationships. This friction is temporary, but while it lasts, you will need to be more intentional about how you show up around others instead of relying on your usual charm.

♆ Neptune qx Quincunx ☉ natal Sun

Over the coming weeks, you may feel **slightly out of step with your usual sense of direction**, as if the goals you normally pursue don't quite fit who you are right now. Your confidence in what you want gets fuzzy, and you might second-guess decisions you'd normally make without hesitation. This mismatch between who you think you should be and what actually matters to you will probably clear up once this *Neptune* influence passes.

☾ Moon ☉ Opposition ♃ natal Jupiter

Right now you are **overestimating what you can handle**, and your emotions are pushing you to say yes to things you should refuse. Your mood swings between optimism and disappointment as reality fails to match the promises you made to yourself or others. Over the coming weeks, you'll need to watch your impulse to spend money, make big plans, or commit to too many social obligations while your judgment is temporarily unreliable.

♁ Chiron ☐ Square ☾ natal Moon

Right now you're more aware of emotional wounds you usually ignore, and that awareness feels uncomfortable rather than helpful. You might find yourself **withdrawing from people or snapping at them unexpectedly** because your usual emotional coping methods aren't working. Over the coming weeks, this friction is pushing you to look at how you actually handle upset instead of just moving past it.

♂ Mars ☉ Opposition ♄ natal Saturn

Right now you feel blocked when you try to push forward, as if every effort meets resistance from outside or from your own doubt. You become **frustrated and impatient** because things take longer than you want them to, and you may snap at people or force situations instead of waiting. Over the coming weeks, you will need to accept that some obstacles are real and that slowing down is the only way through, not a failure on your part.

☉ Sun ♂ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

☉ Sun △ Trine ♃ Neptune

These days you feel **more comfortable being yourself around others** without needing to explain or defend who you are. People respond better to you right now because you're relaxed enough to listen to what they actually need instead of pushing your own agenda. This period favors creative work, gentle conversations, and situations where you can help someone without it costing you anything.

☉ Sun ♁ Opposition ♇ Pluto

Right now you are more aware of what you cannot control, and this awareness makes you feel **powerless in situations where you normally feel in charge**. People around you may seem to be testing your authority or questioning your decisions in ways that feel personal. This period brings psychological friction because your sense of self is bumping up against forces larger than your willpower.

LUNAR DAY

Moon in ♈ Aries · Day 27 / 30 · Waning Crescent

Impatience with delays rises noticeably right now, and people act on whatever they want without much advance thinking. Short tempers and blunt reactions are more common for the next 48 hours.
