## KEY TRANSIT FACTORS

### ☾ Moon ☐ Square ☽ natal Moon

Right now your **moods are harder to predict and manage**, making it difficult to know what you'll feel from one hour to the next. People close to you may seem off or demanding in ways that irritate you more than usual, and you might find yourself defensive instead of open. Over the coming weeks, this restless feeling will push you to notice what you actually need emotionally, even if the process feels uncomfortable.

### ☉ Sun ♂ Conjunction ♀ natal Venus

Right now you're more **drawn to people and less interested in being alone**. You find it easier to start conversations, accept invitations, and let others see you as you really are. This period is good for asking for what you want in relationships, because you're more confident that you deserve it.

### ♅ Uranus \* Sextile ♄ natal Saturn

You find it easier to **make practical changes without feeling destabilized** right now, as if your usual caution pairs well with wanting something different. Your instinct to plan actually helps you experiment—you can try new approaches at work or in your routines without abandoning what actually works. These days you're less afraid of disrupting your own systems because you trust you can rebuild them quickly if needed.

### ♅ Uranus ♂ Conjunction ♁ natal Chiron

You're noticing old patterns or habits that no longer work, and you feel a sudden urge to break free from them rather than manage them as you usually do. This impulse to change can feel **urgent and restless**, making it hard to stick with your usual coping methods. Over the coming weeks, you may find yourself experimenting with completely different approaches to problems you thought you had figured out.

### ♂ Mars ∟ Semi sextile ☉ natal Sun

You're noticing it's easier to **take small actions** toward what matters to you right now. Your motivation shows up in practical ways—you actually do the thing instead of thinking about it for weeks. This period supports you in building momentum through consistency rather than big dramatic pushes.

### ☉ Sun Δ Trine ☽ Moon

These days you find it easier to know what you actually want and to ask for it without overthinking. Your emotional reactions line up with your real goals, so you move forward without fighting yourself. This is a good time to make decisions or have conversations because you sound genuine and people respond well to that.

### ☉ Sun ♀ Opposition ♅ Uranus

Right now you feel a strong urge to break free from rules or routines that usually work fine, and this creates real friction with people around you. You might act impulsively or reject advice you would normally follow, making **sudden decisions without thinking through the practical consequences**. This period brings frustration because what you want to do conflicts with what actually needs to happen, and ignoring either side leaves you stuck.

› Moon ✱ Sextile ☿ Uranus

These days you feel more willing to try something different without the usual fear holding you back. Your emotional reactions are quicker and sharper, letting you spot solutions that seem obvious once you see them. **You act on impulses in practical ways** — calling someone you've been meaning to reach out to, rearranging your space, or saying what you actually think — and it lands well with people around you.

LUNAR DAY

Moon in ♐ Sagittarius · Day 10 / 30 · First Quarter

**Restlessness with routine increases** during this transit, and the desire to break out of familiar patterns grows. Opinions get expressed more freely and with less filtering for the next day or two.
