KEY TRANSIT FACTORS

♄ Saturn ☐ Square ☾ natal Moon ★

Right now your emotional needs feel blocked or neglected, and you're likely being harder on yourself about what you want or feel. **You withdraw** from people instead of asking for what you need, then feel resentful or alone. Over the coming weeks, you'll have a chance to sort out which of your feelings actually matter to you and which ones you've just been carrying around without question.

☿ Mercury * Sextile ♂ natal Mars

These days you find it easier to say what you actually want without overthinking it, and people respond well to your directness. Your mind is **quick and purposeful**, so tasks that normally feel scattered come together faster when you tackle them head-on. This is a good window to pitch ideas, negotiate, or take action on something you've been planning.

☾ Moon ☿ Quincunx ♂ natal Mars

Right now your emotional needs and your desire to act are out of step with each other. You might feel frustrated because you want to do something but your mood keeps pulling you in a different direction, or you start projects when you are not actually ready for them. This **awkward mismatch between feeling and doing** tends to fade over the coming weeks, but while it lasts you will work better if you check in with yourself before pushing forward.

♃ Jupiter △ Trine ♆ natal Neptune

Over the coming weeks, you find it easier to **believe in your own ideas** without needing constant proof or reassurance. Your imagination feels more practical right now, and you can turn vague daydreams into actual plans that other people take seriously. This is a good time to pitch something creative or intuitive that you've been sitting on, because people around you are more receptive to what you're offering.

♂ Mars ☐ Square ☾ natal Moon

Right now you are **more irritable than usual**, especially when someone questions your feelings or tells you to calm down. Your emotional reactions feel faster and stronger, and you may say things in anger that you later regret. Over the coming weeks, watch for moments when you're snapping at people close to you over small things that normally wouldn't bother you.

☉ Sun ∟ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

☉ Sun ☍ Opposition ♆ Neptune

Right now you are **more likely to feel confused about what you actually want** because the gap between your real goals and your wishful thinking is wider than usual. You might make promises you cannot keep or agree to things without checking the practical details first. The emotional fog makes it harder to trust your own judgment, so this is a good time to ask someone else before you commit to anything important.

☉ Sun ☾ Semi sextile ♁ NNode

These days you find it easier to **act on what matters to you without overthinking**. Your decisions feel more natural and less forced, so you move forward on things you've been putting off. This period supports practical progress because you're not stuck in doubt or second-guessing yourself.

Moon in ♎ Libra · Day 7 / 30 · Waxing Crescent

The social atmosphere becomes more diplomatic during this transit, with more care taken to avoid unnecessary friction. Decisions slow down as multiple perspectives get weighed, and outright conflict feels harder to initiate than usual.
