KEY TRANSIT FACTORS

♀ Venus ☿ Quincunx ☾ natal Moon ★

Over the coming weeks, you may find your usual way of showing affection feels slightly off or awkward. You might want closeness but struggle to express it in ways that actually land with the people you care about. Small adjustments to how you approach relationships will help you feel more comfortable.

♇ Pluto ☐ Square ☾ natal Moon

You feel unusually disconnected from people you're close to, as if you cannot quite let them comfort you the way you normally would. Your **emotional walls go up automatically**, and you may withdraw or push away support even when you need it. Over the coming weeks, this psychological distance can strain your relationships unless you notice what is happening and make an effort to stay connected despite the discomfort.

☉ Sun * Sextile ♊ natal NNode

Right now you find it easier to **act in ways that feel genuine to you** without second-guessing yourself. People respond well to this straightforward version of you, and conversations that matter tend to go smoothly. Over the coming weeks, this natural confidence makes it practical to take small steps toward things you actually care about.

♂ Mars ☐ Square ♂ natal Mars

Right now you feel **irritable and quick to react** to small frustrations that normally wouldn't bother you. Your impatience makes it hard to work through tasks methodically, and you might snap at people or rush into decisions you later regret. This friction between what you want to do immediately and what actually needs doing tends to create conflict at work and at home over the coming weeks.

☿ Mercury ∟ Semi sextile ♀ natal Venus

Over the coming weeks, you find it easier to say what you actually appreciate about people instead of keeping quiet. Your conversations flow more naturally when you're being genuine about what matters to you. This small shift in how you communicate makes your relationships feel a bit warmer and less guarded.

☉ Sun △ Trine ☾ Moon

These days you find it easier to know what you actually want and to ask for it without overthinking. Your emotional reactions line up with your real goals, so you move forward without fighting yourself. This is a good time to make decisions or have conversations because you sound genuine and people respond well to that.

☉ Sun ♂ Conjunction ♂ Mars

Right now you feel **more direct and willing to take action** on things you normally hesitate about. You're likely to speak up in conversations, push forward with a project, or make a decision you've been putting off. This practical confidence usually fades once the transit passes, so use it to handle what actually needs doing.

☉ Sun * Sextile ♄ Saturn

Right now you find it easier to follow through on what you say you'll do, and people notice you're more reliable than usual. Your practical judgement is sharp, so **you can see what actually needs to happen** instead of getting distracted by what sounds exciting. This is the kind of period where effort pays off directly, so if you've been putting something off, the conditions are there to make real progress without burning yourself out.

LUNAR DAY

Moon in ♐ Sagittarius · Day 10 / 30 · First Quarter

Restlessness with routine increases during this transit, and the desire to break out of familiar patterns grows. Opinions get expressed more freely and with less filtering for the next day or two.
