KEY TRANSIT FACTORS

♀ Venus ☿ Quincunx ☾ natal Moon ★

Over the coming weeks, you may find your usual way of showing affection feels slightly off or awkward. You might want closeness but struggle to express it in ways that actually land with the people you care about. Small adjustments to how you approach relationships will help you feel more comfortable.

♇ Pluto ☐ Square ☾ natal Moon

You feel unusually disconnected from people you're close to, as if you cannot quite let them comfort you the way you normally would. Your **emotional walls go up automatically**, and you may withdraw or push away support even when you need it. Over the coming weeks, this psychological distance can strain your relationships unless you notice what is happening and make an effort to stay connected despite the discomfort.

☉ Sun ☌ Conjunction ☿ natal Mercury

Right now your thinking is sharper and you naturally want to talk more than usual. You find it easier to explain what you mean and people listen better when you speak, which makes **communicating your ideas** feel less effortful. These days your mind moves quickly and you pick up details others miss, though you may jump between topics faster than normal.

☿ Mercury ☐ Square ♄ natal Saturn

Your thinking feels slower and more critical right now, as if your mind is working against you instead of for you. You second-guess yourself constantly, rewrite emails before sending them, and **struggle to say what you actually mean**. These delays and self-doubt can make practical tasks like paperwork, contracts, or explaining yourself to others feel exhausting and unnecessarily hard over the coming weeks.

☿ Mercury ☿ Quincunx ♁ natal Chiron

Over the coming weeks, you may notice that talking about your past experiences feels awkward or incomplete, as if the right words keep slipping away. You find yourself **starting to explain something painful, then stopping halfway through** because the explanation doesn't quite land. This mismatch between what you feel and what you can actually say might frustrate you, but it can also prompt you to try different ways of understanding what happened to you.

☉ Sun ☌ Conjunction ♂ Mars

Right now you feel **more direct and willing to take action** on things you normally hesitate about. You're likely to speak up in conversations, push forward with a project, or make a decision you've been putting off. This practical confidence usually fades once the transit passes, so use it to handle what actually needs doing.

☉ Sun * Sextile ♄ Saturn

Right now you find it easier to follow through on what you say you'll do, and people notice you're more reliable than usual. Your practical judgement is sharp, so **you can see what actually needs to happen** instead of getting distracted by what sounds exciting. This is the kind of period where effort pays off directly, so if you've been putting something off, the conditions are there to make real progress without burning yourself out.

☉ Sun ☌ Opposition ☽ Uranus

Right now you feel a strong urge to break free from rules or routines that usually work fine, and this creates real friction with people around you. You might act impulsively or reject advice you would normally follow, making **sudden decisions without thinking through the practical consequences**. This period brings frustration because what you want to do conflicts with what actually needs to happen, and ignoring either side leaves you stuck.
