KEY TRANSIT FACTORS

☾ Moon ☿ Quincunx ♀ Venus ★

Right now your emotional needs and what you want socially are slightly out of sync, so you might feel pulled in two directions. You could notice yourself wanting comfort and closeness at times when you'd rather stay independent, or the opposite. This **mismatch between feeling and wanting** is temporary, and noticing it is the first step to working with it instead of against it.

♃ Jupiter ☿ Quincunx ☾ natal Moon

Over the coming weeks you may feel pulled between wanting more comfort and feeling restless with your current situation. Your emotional needs don't quite match what's actually available to you right now, so you keep adjusting your expectations without getting settled. This **mild discomfort with routine** often pushes you to make small changes in how you manage your home or relationships, even if you're not entirely sure what you want.

♅ Uranus △ Trine ♆ natal Neptune

You're finding it easier right now to **turn your creative ideas into something real**, whether that's art, writing, or a practical project you've been imagining. Your intuition is sharper about what actually works, so you can spot the useful parts of your daydreams and leave the rest behind. Over the coming weeks, you'll notice you're less stuck between fantasy and reality, and more able to build something meaningful from both.

♁ NNode ☿ Quincunx ♃ natal Jupiter

Right now you are noticing a mismatch between what you believe will make you happy and what actually does. You keep planning for bigger opportunities or better outcomes, but the details keep shifting in ways that require you to **adjust your expectations repeatedly**. Over the coming weeks, this awkward fit between your hopes and your real circumstances will push you to be more realistic about what you can actually control.

♀ Venus □ Square ☉ natal Sun

Right now you feel **less attractive and less sure of yourself** than usual, which makes social situations feel awkward instead of enjoyable. You may notice that people are not responding to you the way they normally do, or that you are picking fights over small things in your close relationships. This friction is temporary, but while it lasts, you will need to be more intentional about how you show up around others instead of relying on your usual charm.

♁ Chiron ☿ Quincunx ♀ natal Venus

Right now you notice small awkwardness in how you connect with people you care about, as if your usual way of showing affection doesn't quite land the way you expect. You might feel **slightly out of sync with your own preferences**, unsure whether you actually want what you thought you wanted in your relationships. Over the coming weeks, this discomfort is actually useful—it pushes you to adjust how you relate and to notice when you're settling or performing instead of being genuine.

☉ Sun ☌ Semi sextile ♁ NNode

These days you find it easier to **act on what matters to you without overthinking**. Your decisions feel more natural and less forced, so you move forward on things you've been putting off. This period supports practical progress because you're not stuck in doubt or second-guessing yourself.

☾ Moon ☌ Quincunx ☿ Mercury

At the moment your *Moon* and *Mercury* are at odds, which makes it hard to say what you actually feel without overthinking it first. You might notice yourself **second-guessing your own reactions** or explaining your emotions in ways that don't quite fit the actual situation. This awkward angle between emotion and thinking tends to create mild frustration until you accept that some feelings just don't translate neatly into words.
