KEY TRANSIT FACTORS

♅ Uranus ☾ Opposition ♇ natal Pluto

You're running into situations where you feel your control slipping away, and it makes you uncomfortable. **You push harder to regain power** in exactly the areas where you have the least influence, which only creates more conflict with others. Over the coming weeks, you'll need to notice when you're fighting to keep things the same instead of accepting what you cannot change.

♄ Saturn * Sextile ☉ natal Sun

Right now you find it easier to stick with what you commit to, and people notice your reliability. You're not rushing to prove yourself or grab attention—you're simply doing the work, and that **steady focus** gains real respect. Over the coming weeks, this is a good time to tackle something practical that requires patience and follow-through.

☾ Moon ♁ Quincunx ☉ natal Sun

Right now your mood and your sense of purpose are out of sync, so you feel restless even when things are going well. You might **second-guess decisions you normally feel confident about**, or find yourself irritable with people who don't understand what you need. These feelings will pass in a week or two, but until then you'll work better if you accept the discomfort rather than trying to fix it.

♃ Jupiter ☐ Square ♂ natal Mars

Right now you are more likely to **overcommit and overestimate what you can actually do**, which leaves you frustrated when reality doesn't match your ambition. Your impatience is higher than usual, so small delays or obstacles feel like major blocks, and you may snap at people or push harder than makes sense. Over the coming weeks, learning to slow down and check your assumptions before acting will help you avoid wasting energy on projects that won't actually work out.

♁ Chiron * Sextile ☾ natal Moon

Right now you find it easier to talk about things that usually upset you, and people actually listen instead of dismissing your feelings. Your **emotional honesty** becomes something others trust rather than fear, and that creates real closeness in your relationships. This window won't last forever, so these are good weeks to have the conversations you've been putting off.

☉ Sun ☐ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

☉ Sun * Sextile ♁ NNode

Right now you find it easier to **say yes to opportunities that feel natural** instead of forcing yourself into situations that do not fit you. People around you notice you are more relaxed about taking small steps forward, and you move with less self-doubt. This period supports you in choosing what actually matches who you are becoming, rather than chasing what you think you should want.

› Moon ☾ Semi sextile ♂ Mars

These days you have a natural **willingness to take action on what matters to you emotionally**. You notice you can speak up about your needs without getting defensive, and people respond better because you sound calm instead of urgent. This period gives you just enough psychological momentum to move on something you've been sitting with for weeks.

LUNAR DAY

Moon in ♈ Aries · Day 21 / 30 · Waning Gibbous

Impatience with delays rises noticeably right now, and people act on whatever they want without much advance thinking. Short tempers and blunt reactions are more common for the next 48 hours.
