KEY DATE

♂ Mars enters ♏ Scorpio

Mars in *Scorpio* brings **sharper focus** and **longer attention span** — people tend to stick with difficult projects instead of jumping between tasks. In relationships and work, you'll notice more **direct confrontation** of problems that were ignored before, which can clear the air but also creates tension if handled carelessly. *Mars* here makes people **dig deeper** into whatever they're doing, whether that's research, fitness routines, or figuring out why something isn't working.

KEY TRANSIT FACTORS

♊ NNode qx Quincunx ♂ natal Mars ★

Over the coming weeks, you'll notice your usual way of taking action feels slightly off, as if what normally works requires a small adjustment. You might hesitate before speaking up or pushing forward, then suddenly act without your usual preparation, creating an awkward rhythm. This is a good time to notice where you act on instinct versus where you benefit from pausing to check your direction first.

♊ NNode * Sextile ☿ natal Mercury ★

Over the coming weeks, you find it easier to say what you actually think instead of holding back. Your conversations feel more natural and people seem to listen better when you speak. This period supports **clearer communication**, especially about topics that matter to you, as *the North Node* smooths the way for *Mercury* to work at its best.

☾ Moon □ Square ♃ natal Jupiter

Your emotions right now are pulling you toward overcommitment and excessive spending that your wallet cannot actually support. You feel optimistic and generous, but you're not paying attention to real limits or consequences. This gap between what you want to give and what you can afford often leads to regret or resentment once the period passes.

☿ Mercury qx Quincunx ♁ natal Chiron

Over the coming weeks, you may notice that talking about your past experiences feels awkward or incomplete, as if the right words keep slipping away. You find yourself **starting to explain something painful, then stopping halfway through** because the explanation doesn't quite land. This mismatch between what you feel and what you can actually say might frustrate you, but it can also prompt you to try different ways of understanding what happened to you.

♃ Jupiter ∟ Semi sextile ♇ natal Pluto

While this lasts, you find yourself **willing to take small risks that push you past old limits**. You feel a quiet confidence in your ability to handle situations that normally feel too big or demanding, and you naturally start saying yes to opportunities you would have avoided before. Over the coming weeks, this steady courage tends to open doors that lead to real personal or professional growth.

☉ Sun ☌ Conjunction ☾ Moon

These days you feel more **aligned between what you want and what you feel**. Your emotional needs and your sense of direction match up, so you act with fewer doubts and less second-guessing yourself. This is a practical advantage when you need to make a choice or move forward on something that matters to you.

☉ Sun ☐ Square ☌ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.

☉ Sun ☌ Conjunction ♃ Jupiter

Right now you feel more confident about your abilities and less worried about what could go wrong. You are **more willing to take on bigger challenges** and speak up in situations where you normally stay quiet. This period tends to bring real opportunities your way because you are actually showing up differently, not because of luck.
