KEY TRANSIT FACTORS

♁ Chiron ∠ Semi sextile ☾ natal Moon ★

These days you find it easier to **talk about your feelings without getting stuck in them**, which helps you connect with people who matter to you. Your emotional vulnerabilities feel less like private wounds and more like honest things worth sharing. Over the coming weeks, this gentle openness tends to draw supportive responses from others, making your relationships feel more real and less lonely.

♆ Neptune qx Quincunx ☿ natal Mercury

Over the coming weeks, you may find your thinking becomes **less direct and harder to organize** than usual. You might struggle to explain your ideas clearly to others, or notice that conversations wander off track more easily. This isn't permanent—it's just *Neptune* softening your usual mental sharpness, so patience with yourself during this period will help you move through it.

☉ Sun □ Square ♃ natal Jupiter

These days you are **overestimating what you can accomplish** and taking on too much at once. You feel confident and expansive, but your actual capacity has not changed, so you end up stretched thin and frustrated when reality does not match your ambitions. The gap between your optimism and your real limitations creates practical problems at work or in your commitments that take weeks to sort out.

♁ NNode qx Quincunx ♄ natal Saturn

Right now you are noticing a mismatch between what you feel you should do and what actually works in your life, which makes **decision-making feel awkward and slow**. You might find yourself second-guessing practical choices or feeling like the obvious path forward has a hidden complication you cannot quite name. Over the coming weeks, the best approach is to sit with this discomfort rather than push through it—your instincts are picking up on something real that needs attention.

♁ NNode □ Square ♁ natal Chiron

Right now you are **bumping up against your own defensive patterns** in social situations and group settings. You feel pulled toward new connections and directions, but old hurts make you hesitant to actually move forward or trust what is emerging. Over the coming weeks, this friction will keep showing you exactly where you protect yourself instead of risking something real.

♄ Saturn Rx · ♒ Aquarius

The structures supporting group goals, social commitments, and future-oriented plans are being honestly tested right now. Rules and systems that seemed useful may prove unnecessarily rigid under pressure. Distinguishing between structures worth preserving and those worth updating is the most useful work of this period.

☉ Sun △ Trine ♃ Neptune

These days you feel **more comfortable being yourself around others** without needing to explain or defend who you are. People respond better to you right now because you're relaxed enough to listen to what they actually need instead of pushing your own agenda. This period favors creative work, gentle conversations, and situations where you can help someone without it costing you anything.

☉ Sun ☌ Opposition ♇ Pluto

Right now you are more aware of what you cannot control, and this awareness makes you feel **powerless in situations where you normally feel in charge**. People around you may seem to be testing your authority or questioning your decisions in ways that feel personal. This period brings psychological friction because your sense of self is bumping up against forces larger than your willpower.

☾ Moon ☌ Conjunction ♂ Mars

These days you feel **more willing to act on what bothers you** instead of sitting with it quietly. Your emotions are running faster than usual, and you're more likely to speak up or make a move when something frustrates you. This is a practical time to tackle tasks that need direct energy, though it's also easier to react sharply if someone gets in your way.

LUNAR DAY

Moon in ♉ Taurus · Day 24 / 30 · Last Quarter

The pace slows considerably during this transit as comfort and familiar surroundings take priority over efficiency. Resistance to change hardens, and any disruption to routine tends to provoke stubborn pushback.
