## KEY TRANSIT FACTORS

### ♃ Jupiter ☾ Semi sextile ♀ natal Venus

Over the coming weeks, you find it easier to say yes to social invitations and to express what you actually like about the people around you. **You're more generous with compliments and attention**, which tends to make conversations warmer and more genuine. This small shift in how you show up socially often leads to better connections and a quiet sense of contentment in your relationships.

### ♀ Venus ☌ Conjunction ♂ natal Mars

You feel more **confident and direct about what you want**, whether in romantic or social situations. These days you're more likely to make the first move, express attraction openly, or simply go after something that interests you instead of waiting. This confidence usually works in your favour, though it can fade quickly once the transit ends.

### ♂ Mars ☌ Quincunx ☉ natal Sun

Over the coming weeks, you may notice your usual way of taking action feels slightly off or requires more effort than normal. You might start a task with confidence but then need to adjust your approach midway through, or feel restless when your plans don't go exactly as you expect. This **mismatch between your drive and your direction** usually settles down once you accept that forcing things won't work—small changes in strategy will.

### ♆ Neptune ☌ Quincunx ♆ natal Neptune

Over the coming weeks, you may notice that your usual ways of managing uncertainty or confusion feel slightly off or awkward. You might find yourself second-guessing decisions you would normally make without hesitation, or struggling to trust your instincts about situations that are unclear. This subtle misalignment between what you think you should do and what actually feels right will pass, but right now it asks you to slow down and check your assumptions more carefully than usual.

### ♁ NNode ☌ Opposition ☉ natal Sun

Right now you're running into people and situations that challenge who you think you are. You feel **pulled in two directions**—between what feels familiar and comfortable about yourself versus what others expect from you or what new circumstances demand. This friction can make you feel defensive or uncertain, but it's forcing you to figure out which parts of your identity are actually yours and which ones you've just been carrying around.

### ☉ Sun ☌ Conjunction ☾ Moon

These days you feel more **aligned between what you want and what you feel**. Your emotional needs and your sense of direction match up, so you act with fewer doubts and less second-guessing yourself. This is a practical advantage when you need to make a choice or move forward on something that matters to you.

### ☉ Sun ☌ Semi sextile ♁ Uranus

These days you find it easier to **try something different without overthinking it**. Small changes feel natural right now, whether that's taking a new route to work or suggesting a fresh idea in a conversation. This mild alignment between *the Sun* and *Uranus* gives you just enough confidence to break routine without feeling reckless.

☉ Sun ♂ Conjunction ♄ Chiron

At the moment, you're more aware of your own weak spots and how they show up in everyday life. You might feel less confident than usual, or notice old patterns of self-doubt coming up without much warning. This is actually useful because **you can see yourself more clearly right now** — the discomfort is pointing you toward something real that deserves attention.

LUNAR DAY

Moon in ♈ Aries · Day 1 / 30 · New Moon

**Impatience with delays** rises noticeably right now, and people act on whatever they want without much advance thinking. Short tempers and blunt reactions are more common for the next 48 hours.
