KEY TRANSIT FACTORS

♁ Chiron * Sextile ☾ natal Moon

Right now you find it easier to talk about things that usually upset you, and people actually listen instead of dismissing your feelings. Your **emotional honesty** becomes something others trust rather than fear, and that creates real closeness in your relationships. This window won't last forever, so these are good weeks to have the conversations you've been putting off.

♀ Venus * Sextile ☉ natal Sun

Right now you find it easier to **be yourself around others** without overthinking or apologizing for who you are. People respond well to this natural confidence, and social interactions feel less effortful than usual. Over the coming weeks, this *Venus* support to your *Sun* makes it simpler to attract opportunities and build connections without forcing anything.

☾ Moon □ Square ♅ natal Uranus

Right now you feel restless and irritable in ways that don't match your usual mood, making you **snap at people over small things** and struggle to sit still. Your need for sudden change clashes with what you actually need emotionally, so you might suddenly want to quit something or push away someone close to you without being clear why. These feelings will pass in a few days, but while they last you'll need to notice the impulse to act on them rather than act immediately.

♂ Mars ♂ Opposition ☾ natal Moon

Right now you're more **irritable and quick to react** than usual, especially when someone upsets your plans or questions your feelings. Your emotional responses feel stronger and harder to control, which can create unnecessary conflict with people close to you. These days you need to notice this pattern and step back before you speak, because your impulse to push back or argue is working against you.

♅ Uranus ∟ Semi sextile ♂ natal Mars

You're noticing small windows of **creative restlessness** that actually help you break old habits without major disruption. *Uranus* is gently nudging your *Mars* energy sideways, so instead of forcing big changes, you find yourself naturally trying different approaches to familiar problems. Over the coming weeks, you'll discover that your usual way of doing things has room for improvement, and you're willing to experiment in ways that feel refreshing rather than risky.

♄ Saturn Rx · ♊ Gemini

Mental discipline and consistency in communication are being tested right now. Projects that require sustained intellectual effort may expose areas where your commitment has been shallow. Returning to half-finished work rewards you more during this period than starting fresh.

☉ Sun ♂ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

☉ Sun ☌ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

☉ Sun ☌ Quincunx ♄ Saturn

Right now you feel a mismatch between what you want to do and what seems practical or allowed. You might push forward with a plan only to run into a real obstacle that makes you reconsider, or hold back when you actually have a real opportunity. **This awkward timing between your drive and your responsibilities** means you cannot simply act on instinct—you need to adjust, compromise, or wait for better conditions.

LUNAR DAY

Moon in ♏ Scorpio · Day 1 / 30 · New Moon

Psychological intensity rises for the next 48 hours, and surface-level talk becomes noticeably less satisfying. People read into what others leave unsaid more than usual, and private matters feel more pressing.
