## KEY DATE

### ♃ Jupiter enters ♋ Pisces

*Jupiter* entering *Pisces* makes people more **generous with time and money**, often without calculating whether they can afford it. At work and in relationships, you'll notice more **willingness to help**, but also more scattered focus—deadlines slip because someone needed listening to instead. Over the next year, **luck tends to favor** situations involving creativity, healthcare, counseling, or anything behind-the-scenes rather than public-facing roles.

## KEY TRANSIT FACTORS

### ♁ NNode qx Quincunx ♂ natal Mars ★

Over the coming weeks, you'll notice your usual way of taking action feels slightly off, as if what normally works requires a small adjustment. You might hesitate before speaking up or pushing forward, then suddenly act without your usual preparation, creating an awkward rhythm. This is a good time to notice where you act on instinct versus where you benefit from pausing to check your direction first.

### ♄ Saturn \* Sextile ♇ natal Pluto

You find it easier to **stick with difficult changes** right now without feeling overwhelmed by them. This period supports you in handling practical problems that need real commitment, like restructuring your finances or ending a relationship that no longer works. *Saturn* and *Pluto* are helping you make tough decisions with a clear head and then follow through without second-guessing yourself.

### ♅ Uranus Δ Trine ♃ natal Jupiter

You are feeling unusually **open to new possibilities** and willing to try things you normally wouldn't consider. Your confidence is high right now, and you're noticing opportunities appear without you having to force them—people invite you to things, conversations lead somewhere unexpected, or a practical problem suddenly has a solution you hadn't seen before. This period supports taking calculated risks or making changes you've been thinking about, because your instinct for what will actually work is sharp.

### ☉ Sun Δ Trine ☿ natal Mercury

Your thinking is unusually clear right now, and you find it easy to explain what you actually mean. People listen to you more carefully these days because you sound confident and straightforward. This is a good time to have conversations you have been putting off, write something important, or learn something new—your **mind absorbs information quickly** and your words land better than usual.

### ♇ Pluto ☌ Opposition ♀ natal Venus

While this lasts, you may feel **drawn to people or situations that feel compulsive rather than genuinely close**, and existing relationships can feel shallow or unsatisfying by comparison. You might push away someone you care about without fully understanding why, or find yourself attracted to dynamics that involve control or power rather than real connection. These days, your usual way of being likeable or accommodating stops working, and that discomfort is real—but it's also forcing you to ask what you actually want instead of what you think you should want.

### ☉ Sun ☌ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

### ☉ Sun \* Sextile ♃ Jupiter

These days you feel more **willing to take reasonable risks** and try things you've been putting off. People around you seem more generous with their time and help, making it easier to move forward on practical goals. This period brings a straightforward boost to your confidence without the pressure to overcommit or perform.

### ☉ Sun \* Sextile ♃ Uranus

These days you feel more willing to try something different without the usual fear holding you back. You might suggest a new idea at work, change your routine, or say no to something that no longer fits. This **relaxed openness to change** makes it easier to break old patterns while still feeling grounded enough to actually follow through.
