KEY TRANSIT FACTORS

☿ Mercury * Sextile ♃ natal Mercury

Your thinking feels clearer right now, and you find yourself **explaining things in ways that actually land with people**. You're picking up on details you normally miss and making smart connections between ideas without forcing it. Over the coming weeks, conversations tend to go smoothly and you get your point across without friction.

♆ Neptune ∠ Semi sextile ♂ natal Mars

Right now your usual drive to act is softened by a gentler, more intuitive approach to what you want. You find yourself **listening to your gut before charging ahead**, which actually helps you avoid wasted effort and see better options. Over the coming weeks, this combination of *Neptune* and *Mars* lets you pursue your goals with less force and more imagination, making your efforts feel easier even when you're working hard.

♀ Venus * Sextile ♃ natal Jupiter

Right now you find it easier to say yes to social invitations and to be generous with your time and money without feeling like you're overdoing it. People respond well to you these days because you're **more relaxed and approachable**, which opens doors in both your personal relationships and practical opportunities. This period is ideal for asking for what you want or pursuing something you've been putting off, since your confidence and optimism are naturally higher.

♃ Jupiter △ Trine ♁ natal Uranus

Over the coming weeks, you'll find yourself more willing to take practical risks and try new approaches without the usual anxiety holding you back. Your mind works faster than normal, and you spot solutions others miss because you're not stuck in old habits. This is a good time to pitch ideas at work, start something you've been putting off, or reorganize your life in ways that actually feel liberating instead of chaotic.

☉ Sun ∠ Semi sextile ♀ natal Venus

These days you feel more **genuinely comfortable around people**, and they respond to that ease in you. You're not trying as hard to impress anyone, which somehow makes your relationships run smoother and more naturally. This small but real shift in how you show up socially can help you strengthen connections that matter to you over the coming weeks.

☉ Sun □ Square ♃ Jupiter

Right now you're likely **overestimating what you can handle** and taking on more than makes practical sense. *Sun* square *Jupiter* pushes you to act bigger and bolder than your actual circumstances support, which sets you up for overcommitment and disappointment. The friction here teaches you where your real limits are, but only after you've already stretched too far.

☉ Sun qx Quincunx ♇ Pluto

Right now you might feel **out of step with your own needs**, as if what you want and what's actually happening don't quite match up. You notice yourself making small adjustments to stay in control of a situation, only to realize those tweaks aren't really working. This mismatch between your intentions and real results can leave you feeling frustrated until you accept that some things need to shift more completely than you planned.

› Moon ☿ Conjunction ♃ Jupiter

Right now you feel more **generous and open to other people** than usual, which makes it easier to connect socially or ask for what you need. Your emotional confidence is higher, so you're more likely to take a chance on something that normally makes you nervous. This mood won't last forever, so use it to have conversations you've been putting off or to try something that requires a bit of courage.

LUNAR DAY

Moon in ♈ Aries · Day 22 / 30 · Waning Gibbous

Impatience with delays rises noticeably right now, and people act on whatever they want without much advance thinking. Short tempers and blunt reactions are more common for the next 48 hours.
