KEY TRANSIT FACTORS

♄ Saturn ☐ Square ♇ natal Pluto · peak 8 May

You're likely to feel **boxed in by rules or limits that feel suffocating**, especially where you normally have control. *Saturn* is forcing you to face situations where your usual tactics don't work anymore, and that frustration can build into real anger. These days you'll benefit from finding practical outlets for that pressure instead of letting it mount, because bottling it up will only make you feel more trapped.

♅ Uranus △ Trine ♊ natal NNode · peak 6 May

While this lasts, you find it easier to **break free from old patterns that no longer fit** and try something genuinely new. You feel less afraid of standing out or doing things differently than usual, and others seem to respond well to this shift in you. Over the coming weeks, this confidence in your own direction can open doors you didn't expect.

♃ Jupiter ☉ Opposition ♄ natal Saturn · peak 26 May

Right now you're caught between wanting to expand and feeling held back by practical limits, which makes you restless and frustrated. You're likely **pushing harder against rules or responsibilities** that suddenly feel too tight, whether at work or in commitments you've made. Over the coming weeks this friction can push you to either break something unnecessarily or finally face where you've actually been avoiding difficult decisions.

♄ Saturn qx Quincunx ♆ natal Neptune · peak 11 May

Right now you're noticing the gap between what you imagine and what actually works in practice. You feel caught between wanting to escape reality and knowing you have real responsibilities that need attention. This uncomfortable mismatch forces you to make small adjustments to your plans, even if it feels frustrating at the moment.

♃ Jupiter * Sextile ♀ natal Venus · peak 17 May

These days you find it easier to say yes to social invitations and connect with people who matter to you. You feel **naturally generous** with your time and attention, which makes others want to be around you more. This period is ideal for deepening friendships, starting new relationships, or simply enjoying the company you keep without forcing anything.

♁ Lilith ☌ Conjunction ♁ natal Chiron · peak 18 May

You're becoming more aware of the ways you've learned to protect yourself by staying separate or defensive, and that awareness is making you uncomfortable right now. This period is pushing you to notice how **keeping people at a distance** actually stops you from getting the help or connection you need. Over the coming weeks, you may find yourself caught between your instinct to withdraw and a growing recognition that isolation isn't actually keeping you safe.

♃ Jupiter ☐ Square ☾ natal Moon · peak 7 May

Right now you feel **emotionally restless and dissatisfied** with situations that normally comfort you, like time with family or your home routine. You might overcommit yourself or make promises you cannot keep because your judgment about what you can actually handle is off. Over the coming weeks, this mismatch between what you want and what is realistic creates friction in your personal relationships and leaves you feeling bloated rather than nourished.

♄ Chiron * Sextile ♃ natal Jupiter · peak 1 May

You find it easier right now to talk about past disappointments without getting stuck in them. Your natural ability to look forward and find the practical lesson in what went wrong is stronger than usual. Over the coming weeks, this becomes a genuine resource—you can help others see their setbacks as useful information rather than permanent failures.

♃ Jupiter △ Trine ♄ natal Chiron · peak 27 May

Over the coming weeks, you find it easier to talk about past hurts without getting stuck in them, and people respond well to your honesty. You're naturally **more generous with yourself** when you make mistakes, which means you actually learn from them instead of dwelling. This is a good window to help others through their own difficulties because you genuinely understand what they're going through.

♃ Jupiter * Sextile ♅ natal Uranus · peak 1 May

You feel more **willing to try new approaches** to problems that have stalled, and practical opportunities show up that wouldn't have occurred to you before. Your natural caution loosens just enough to let you act on ideas you'd normally dismiss as too risky or unconventional. Over the coming weeks, this openness pays off in concrete ways—whether that's a new connection, a different way of working, or simply discovering that change is less frightening than you thought.

♇ Pluto □ Square ♁ natal Moon · peak 1 May

You feel unusually disconnected from people you're close to, as if you cannot quite let them comfort you the way you normally would. Your **emotional walls go up automatically**, and you may withdraw or push away support even when you need it. Over the coming weeks, this psychological distance can strain your relationships unless you notice what is happening and make an effort to stay connected despite the discomfort.

♇ Pluto △ Trine ♅ natal Uranus · peak 31 May

You find yourself **willing to experiment with change** in ways that actually feel manageable right now, rather than chaotic or forced. The usual resistance you might feel to doing things differently drops away, and you can see practical benefits to breaking old routines. Over the coming weeks, this shift in attitude makes it easier to implement reforms you've been thinking about without the typical stress or second-guessing.

♅ Uranus ♀ Opposition ♿ natal Mercury · peak 29 May

Your thoughts feel scattered and hard to pin down right now, making it difficult to follow through on plans or explain yourself clearly to others. You may say things you didn't mean or misunderstand what people are trying to tell you, creating **unexpected miscommunication** in conversations that normally go smoothly. This period asks you to slow down and double-check your words and reasoning before acting on them, even though your mind is pushing you to move fast.

♄ Saturn □ Square ☉ natal Sun · peak 31 May

Right now you feel less confident than usual and more aware of your limits. Your **self-doubt shows up in real ways** — you hesitate before speaking up, you second-guess decisions you would normally make quickly, and you notice people responding to this hesitation by taking the lead instead. This period asks you to do practical work on your confidence, not by ignoring the doubts but by acting despite them.

♄ Chiron △ Trine ♿ natal Mercury · peak 31 May

You find it easier to talk about your own struggles and listen without judgment when others share theirs. Your conversations tend to be more honest and direct, and people seem to appreciate your **practical, grounded way of discussing difficult topics**. Over the coming weeks, this natural clarity helps you connect with people on a real level instead of staying stuck in surface talk.

LUNATIONS

○ Full Moon · Monday, 7 May

in ♏ Scorpio

hidden truths, emotional intensity, power shift

in H8 — Transformation

A deep transformation is reaching its peak. Something involving **joint finances, emotional power dynamics, or a significant inner change** is being exposed to full light. Secrets, buried feelings, or unresolved matters around shared resources may surface now with unusual intensity. This full moon asks you to **face something that has been avoided** — in money, intimacy, or your relationship with loss and change. What is released here genuinely frees you.

● New Moon · Wednesday, 23 May

in ♊ Gemini

new ideas, curiosity, short-term connections

in H3 — Communication & Learning

Your mind is ready for new inputs and your communication style is shifting. This is an excellent time to **start a course, launch a project involving writing or speaking**, or open honest conversations with people in your immediate environment. Short trips, new learning experiences, and reconnecting with siblings or neighbors may carry unusual significance now. What you plant in conversation and learning at this point will take root in meaningful ways.

KEY DATES

Tue, 1 May ☿ Chiron * Sextile ♃ natal Jupiter

♇ Pluto ☐ Square ♃ natal Moon

Sun, 6 May ☿ Mercury enters ♊ Gemini

♁ Uranus △ Trine ♁ natal NNode

Mercury entering *Gemini* sharpens your ability to **pick up details** and **connect ideas quickly**, so conversations at work or home tend to move faster and cover more ground. People often notice they're **more curious** about how things work and less patient with slow explanations, which can make learning something new feel easier but also make waiting for others frustrating. At work and in daily tasks, **short-form communication** — texts, quick calls, bullet points — becomes more natural than long emails, and your mind jumps between topics more readily.

Mon, 7 May Full Moon in Scorpio

♃ Jupiter ☐ Square ♃ natal Moon

Tue, 8 May ♄ Saturn ☐ Square ♇ natal Pluto

Fri, 11 May ♆ Neptune stations Retrograde

Neptune stationing retrograde marks the point where **clarity takes a step back** in the areas it governs — dreams, beliefs, creativity, and what you're willing to believe about yourself or others. During this period, people often notice **confusion returning to situations** they thought were settled, delays in creative projects, or the need to rethink agreements that felt unclear to begin with. *Neptune* retrograde typically brings **reality checks** that strip away wishful thinking, so you may spot where you've been fooling yourself or where someone else's promises don't actually add up.

Sat, 12 May ♂ Mars stations Retrograde

Mars stationing retrograde often brings **delays and restarts** in projects, work deadlines, and physical activities—things that felt urgent suddenly move slower or need reworking. People commonly notice they feel less pushy, more willing to **reconsider decisions** they made before, and sometimes **old conflicts or rivalries** come back up that need settling. In practical terms, this is a good time to **revise plans** rather than launch new ones, fix broken equipment, and handle any pending arguments you've been avoiding.

Mon, 14 May♁ Uranus △ Trine ♁ natal NNode

♇ Pluto ☐ Square ♃ natal Moon

☿ Chiron * Sextile ♃ natal Jupiter

Thu, 17 May ♃ Jupiter * Sextile ♀ natal Venus

Fri, 18 May ♃ Lilith ♂ Conjunction ☿ natal Chiron

Mon, 21 May☉ Sun enters ♊ Gemini

Sun in *Gemini* brings a **shift toward curiosity and talking things through** — you'll notice people asking more questions, starting conversations they'd normally skip, and wanting to understand how things work. At work and in relationships, **communication becomes easier and faster**, though the downside is that people scatter their attention across more projects and topics than they can actually finish. **Short trips, emails, and quick decision-making** pick up noticeably during this month, so if you've been putting off organizing your schedule or catching up with contacts, this is when that restless energy makes it feel natural.

Wed, 23 MayNew Moon in Gemini

Sat, 26 May ♃ Jupiter ♂ Opposition ♄ natal Saturn

Tue, 29 May♁ Uranus ♂ Opposition ☿ natal Mercury

Wed, 30 May♁ Uranus stations Retrograde

Uranus stationing retrograde typically brings **delays and reversals** in tech, internet connections, and unexpected plans that felt solid just weeks ago. Areas like innovation projects, group friendships, or sudden life changes often **pause or shift direction** — what looked like progress stalls, and people find themselves rethinking decisions they thought were final. In practice, this period favors **reviewing old ideas** rather than launching new ones, and you'll notice others becoming less willing to commit to radical changes or unusual partnerships.
