KEY TRANSIT FACTORS

♄ Saturn ☿ Quincunx ♂ natal Mars · peak 1 Feb ★

These days you feel a disconnect between what you want to do and what you think you should do, and this creates practical friction in your daily routines. You might start a task with energy but then second-guess yourself or hit unexpected obstacles that force you to slow down and reconsider. This awkward mismatch between your impulses and real-world constraints is temporary, but right now it's teaching you where your approach needs **more realistic planning** instead of just pushing forward.

♅ Uranus ♂ Conjunction ♁ natal Lilith · peak 7 Feb

You are less willing to go along with what people expect from you right now, and you may say or do things that surprise people around you. You feel a stronger pull toward your own preferences, even when they break the rules or disappoint others. This shift can create friction in relationships or work, but it also gives you a chance to set clearer boundaries about what you actually want.

♅ Uranus ∟ Semi sextile ♂ natal Mars · peak 27 Feb

You're noticing small windows of **creative restlessness** that actually help you break old habits without major disruption. *Uranus* is gently nudging your *Mars* energy sideways, so instead of forcing big changes, you find yourself naturally trying different approaches to familiar problems. Over the coming weeks, you'll discover that your usual way of doing things has room for improvement, and you're willing to experiment in ways that feel refreshing rather than risky.

♄ Saturn * Sextile ♊ natal NNode · peak 1 Feb

You are finding it easier to stick with commitments that actually matter to you right now, whether that's a project, a relationship, or a personal goal. **Your ability to follow through** feels natural instead of forced, and people around you notice you are more reliable than usual. This period gives you real momentum to build something solid that aligns with where you actually want to go.

♄ Saturn △ Trine ☿ natal Mercury · peak 10 Feb

Your thinking becomes more organized and methodical right now, making it easier to work through complex problems without getting distracted. You find yourself **naturally able to follow through on plans** and communicate what you actually mean instead of talking in circles. This period is ideal for learning something practical or finishing projects that require sustained focus and clear explanations.

♄ Chiron * Sextile ♂ natal Mars · peak 1 Feb

Right now you're finding it easier to **push through physical challenges without getting frustrated**, whether that's a nagging injury, fatigue, or something you've been avoiding at the gym. *Chiron* sextile your *Mars* is giving you a practical way to work with your body instead of against it. Over the coming weeks, you'll notice you can talk about what hurts without shame and actually do something constructive about it.

♃ Jupiter ☿ Quincunx ♂ natal Mars · peak 28 Feb

Over the coming weeks, you may notice your usual drive and confidence don't quite match up with what's actually possible right now, leaving you **frustrated when plans don't move as fast as you want them to**. *Jupiter* is expanding your ambitions while *Mars* pushes for quick action, but the two are pulling in slightly different directions. You might waste energy on projects that start with excitement but need to be adjusted or abandoned halfway through.

♇ Pluto ♄ Semi sextile ♄ natal Saturn · peak 28 Feb

These days you find it easier to **follow through on commitments** without overthinking or second-guessing yourself. A practical focus comes naturally to you right now, and you notice you can break larger goals into manageable steps without getting bogged down. This period supports steady progress on anything you've been putting off, especially projects that require discipline and careful planning.

♇ Pluto ♄ Semi sextile ♄ natal Chiron · peak 28 Feb

Over the coming weeks, you notice you can **talk about past hurts without getting stuck in them**. People seem to listen differently when you speak, and you find yourself explaining your experiences in ways that actually help others understand you. This shift makes conversations feel lighter and more honest than usual.

♁ NNode * Sextile ♃ natal Neptune · peak 28 Feb

While this lasts, you find it easier to **trust your instincts about people and situations** without needing to overthink everything. Your imagination and practical sense are working together right now, so you can pick up on what others need without them having to spell it out. These small acts of understanding often lead to real connections that feel less forced and more genuine than usual.

♄ Chiron ☿ Quincunx ♁ natal NNode · peak 28 Feb

Over the coming weeks, you feel pulled in two directions about your social role and where you fit in. You notice yourself second-guessing decisions about groups or communities you belong to, even though you usually know what you want. This **uncomfortable self-doubt** is temporary, and it often signals that some adjustment to how you present yourself socially is actually needed.

♇ Pluto ☿ Quincunx ♀ natal Venus · peak 1 Feb

You feel oddly disconnected from what normally makes you happy, as though your usual pleasures have lost their appeal. Your social or romantic relationships may feel slightly off, making you wonder what has changed when nothing obvious has shifted. Over the coming weeks, you might notice yourself pulling back from people or activities you usually enjoy, until this uncomfortable mismatch eventually settles.

♁ NNode ♂ Conjunction ♇ natal Pluto · peak 28 Feb

You are drawn to situations where you have to confront what you actually want instead of what you think you should want. This period brings moments where your usual ways of handling power and control no longer work, forcing you to make real changes in how you relate to others. Over the coming weeks, you may find yourself saying no to people or situations you would normally tolerate, which feels uncomfortable but also oddly necessary.

♃ Jupiter ♂ Conjunction ♁ natal NNode · peak 6 Feb

Over the coming weeks, you're likely to **say yes to opportunities that normally wouldn't interest you**, and many of them will turn out better than expected. People seem to trust you more easily right now, which makes networking and making new contacts feel natural rather than forced. This is a practical window to expand your professional circle or take on projects that stretch your skills in ways you've wanted to for a while.

♄ Chiron ☿ Quincunx ♃ natal Mercury · peak 28 Feb

Right now you're noticing that your usual way of explaining yourself isn't landing the way it normally does, and it can feel **awkward to adjust how you communicate on the fly**. *Chiron* transiting at an angle to your natal *Mercury* means your thinking patterns are slightly out of sync with what others expect to hear. Over the coming weeks, patience with yourself during conversations will help more than trying to force clarity.

LUNATIONS

○ Full Moon · Friday, 10 Feb

in ♌ Leo

recognition, drama, creative culmination

in H6 — Health & Service

A health situation or work matter is coming to a head. Something in your **daily routines, workplace dynamics, or physical wellbeing** can no longer be deferred — it needs attention and resolution. Overwork, health imbalances, or conflicts with colleagues become impossible to ignore under this full moon. This is the moment to address what your body has been signaling, complete a work project, or acknowledge a work dynamic that isn't sustainable.

● New Moon · Monday, 27 Feb

in ♋ Pisces

intuitive reset, release, spiritual renewal

in H12 — Inner Life & Solitude

A new cycle is beginning in the hidden, private areas of your life. This lunation brings **inner work, spiritual renewal, and a clearing of old burdens** to the foreground. What you choose to let go of, process, or release over the coming weeks will free up significant inner resources. Solitude, contemplation, and honest self-examination are more productive than external activity right now. Trust what surfaces from beneath the surface — it's asking to be acknowledged.

KEY DATES

Wed, 1 Feb ♄ Saturn * Sextile ♃ natal NNode

♆ Chiron * Sextile ♂ natal Mars

Sat, 4 Feb ♀ Venus enters ♈ Aries

Venus in *Aries* tends to make people more **direct about what they want**, especially in relationships and social situations where they'd normally hold back. You might notice yourself **speaking up sooner** instead of waiting or overthinking, and others responding to that straightforward approach. At work and in friendships, this transit often brings **faster decisions** and less time spent on small talk or people-pleasing.

Mon, 6 Feb ♃ Jupiter stations Retrograde

Jupiter stationing retrograde often brings a **pause in expansion plans** — job offers stall, travel gets delayed, or educational programs require extra paperwork. At work and in finances, this is when you'll notice yourself **reviewing past decisions** rather than pushing forward, and opportunities that seemed certain can shift or require renegotiation. Growth doesn't stop during this period, but it tends to happen **quietly through reflection**, and real progress usually resumes once *Jupiter* turns direct again.

Tue, 7 Feb ☿ Mercury enters ♒ Aquarius

♅ Uranus ♂ Conjunction ♃ natal Lilith

Mercury in *Aquarius* brings **clearer, more direct communication** — people tend to say what they actually think instead of softening their words, which works well in meetings but can feel blunt in casual conversations. At work and in friendships, you'll notice **more focus on logic and ideas** rather than emotions, making this a good time for problem-solving but a trickier period if someone needs emotional support. *Aquarius* also pushes thinking toward the **bigger picture**, so conversations shift from daily complaints to plans, systems, and what-if scenarios that feel more interesting but less immediately practical.

Fri, 10 Feb Full Moon in Leo

♄ Saturn △ Trine ☿ natal Mercury

Mon, 13 Feb ♆ Chiron * Sextile ♂ natal Mars

Tue, 14 Feb ♃ Lilith enters ♐ Sagittarius

Lilith entering *Sagittarius* brings a shift toward **speaking your mind more directly**, especially on topics you've kept quiet about before — work meetings, family discussions, and friendships often feel the push to get honest. People tend to **question rules and expectations** they've accepted without thinking, whether that's how relationships should work, what success means, or why they're following someone else's plan. **Restlessness and impatience** show up in practical ways: jobs feel limiting, commitments feel heavy, and the urge to travel, learn something new, or just do things differently becomes hard to ignore.

Sat, 18 Feb ☉ Sun enters ♋ Pisces

The Sun moving into *Pisces* shifts attention toward **listening and flexibility** for the next month, making people naturally more **willing to adjust plans** instead of pushing forward rigidly. At work and in relationships, you'll notice others become **harder to pin down** — deadlines slip, people change their minds, and vague agreements replace firm commitments, which requires patience rather than frustration. *Pisces* season softens the usual drive to compete or win, so **collaboration and going with the flow** tend to work better than direct pressure during this time.

Mon, 20 Feb ♅ Uranus ♂ Conjunction ♃ natal Lilith

♄ Saturn △ Trine ☿ natal Mercury

Sun, 26 Feb ☿ Mercury enters ♋ Pisces

Mercury in *Pisces* makes your thinking **slower and less direct** — you'll notice yourself taking longer to find the right words, or changing your mind mid-conversation. In work and daily tasks, this transit rewards **intuition and pattern-spotting** over step-by-step logic, so you might solve problems by sensing what feels right rather than working through details. Relationships often improve because you're more **willing to listen without interrupting** and pick up on what people aren't saying aloud, though you may struggle to explain your own point clearly.
